Base Prospectus dated 10 June 2022

Bpifrance

(société anonyme, French duly licensed établissement de crédit)

€45,000,000,000

EURO MEDIUM TERM NOTE PROGRAMME

benefiting from the autonomous, unconditional and irrevocable

first demand guarantee of EPIC Bpifrance

(établissement public à caractère industriel et commercial)

Under the Euro Medium Term Note Programme (the "**Programme**") described in this base prospectus (the "**Base Prospectus**"), the *société anonyme* Bpifrance (the "**Issuer**" or "**Bpifrance**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the "**Notes**"). The payment of all amounts due under the Notes will be guaranteed by an autonomous, unconditional and irrevocable first demand guarantee of the *établissement public à caractère industriel et commercial* Bpifrance (the "**Guarantor**" or "**EPIC Bpifrance**"). The aggregate nominal amount of Notes outstanding will not at any one time exceed €45,000,000,000 (or its equivalent in any other currency, calculated at the financial conditions determination date).

This Base Prospectus constitutes a base prospectus for the purpose of Article 8 of the Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended (the "**Prospectus Regulation**").

This Base Prospectus has been approved by the *Autorité des marchés financiers* (the "**AMF**") in France, as competent authority under the Prospectus Regulation.

The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the quality of the Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

For the period of twelve (12) months after the date of the approval granted by the AMF on the Base Prospectus, an application for admission to trading of the Notes on the regulated market of Euronext Paris ("**Euronext Paris**") may be presented. Euronext Paris is a regulated market for the purposes of the directive 2014/65/EU of the European Parliament and of the Council dated 15 May 2014 on markets in financial instruments, as amended, appearing on the list of regulated markets of the European Securities Markets Authority (each such market being a "**Regulated Market**"). Notes issued under the Programme may also be listed and admitted to trading on any other Regulated Market in such Member State of the European Economic Area ("**EEA**") in accordance with the Prospectus Regulation or on a non-regulated market or may be unlisted. The relevant final terms prepared in respect of any issue of Notes (the "**Final Terms**", a form of which is included in this Base Prospectus) will specify whether or not such Notes will be listed and admitted to trading and, if so, the relevant Regulated Market(s) where the Notes will be listed and admitted to trading. Notes admitted to trading on a Regulated Market shall have a minimum denomination of Euros 100,000 (or its equivalent in any other currency) or any higher amount that may be authorised or required by any relevant competent authority or any applicable law or regulation.

This Base Prospectus shall be valid until 10 June 2023, provided that it is completed by any supplement, pursuant to Article 23 of the Prospectus Regulation, following the occurrence of a significant new factor, a material mistake or a material inaccuracy which may affect the assessment of an investment in the Notes. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid. Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**") as more fully described in this Base Prospectus.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be delivered in respect of the Dematerialised Notes. Dematerialised Notes may be issued, at the option of the Issuer (i) in bearer form (*au porteur*) inscribed as from their issue date in the books of Euroclear France (acting as central depository) which shall credit the accounts of the Account Holders (as defined in "Terms and Conditions of the Notes - Form, denomination and title") including Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking, SA ("**Clearstream**"), or (ii) in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in "Terms and Conditions of the Notes - Form, Denomination and Title"), in either fully registered form (*au nominatif pur*), in which case they will be inscribed in an account maintained by the Issuer or by a registration agent (appointed in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holder designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in relation to Materialised Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Notes with, where applicable, coupons for interest or talons attached (the "**Definitive Materialised Notes**"), on or after a date expected to be on or about the fortieth (40th) calendar day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificate in respect of Materialised Notes") upon certification as to non-U.S. beneficial ownership (United States Persons), in accordance with the U.S. Treasury regulations, as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche (as defined in the "Terms and Conditions of the Notes") intended to be cleared through Euroclear and/or Clearstream be deposited on the issue date with a common depository for Euroclear and Clearstream or (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

The Guarantor is rated Aa2 by Moody's France S.A.S. ("**Moody's**") and AA (negative outlook) by Fitch Ratings Ireland Limited ("**Fitch**"). The Programme is rated Aa2 by Moody's and AA by Fitch. As of the date of this Base Prospectus, both Moody's and Fitch are credit rating agencies established in the European Union, registered under regulation (EC) No. 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies, as amended (the "**CRA Regulation**") and included in the list of registered credit rating agencies published on the website of the European Securities and Markets Authority ("**ESMA**") (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation. The ratings of the Guarantor and of the Programme have been endorsed by Moody's Investors Service Limited and Fitch Ratings Limited, respectively, in

accordance with the CRA Regulation as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA") (the "UK CRA Regulation") and have not been withdrawn. As such, the ratings issued by Moody's and Fitch may be used for regulatory purposes in the United Kingdom in accordance with the UK CRA Regulation. Notes issued under the Programme may, or may not, be rated. The rating of Notes (if any) will be specified in the relevant Final Terms. It will not necessarily be the same as the rating assigned to the Programme and/or the Guarantor. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency without prior notice.

This Base Prospectus, any supplement (if any) and the Final Terms of the Notes admitted to trading on a Regulated Market in accordance with the Prospectus Regulation shall be (a) published on the websites (i) of the AMF (www.amf-france.org), (ii) together with the guarantees granted by the Guarantor in respect of Notes admitted to trading on Euronext Paris or on any other Regulated Market, of the Issuer (www.bpifrance.fr) for, at least, ten (10) years from the date of their publication and (iii), as the case may be, of any relevant competent authority and (b) together with the guarantees granted by the Guarantor, available for inspection and copy, without charges, during normal business days and hours, at the registered office of the Issuer. The documents incorporated by reference in this Base Prospectus shall be (a) published on the website of the Issuer (www.bpifrance.fr) and (b) available for inspection and copy, without charges, during normal business days and hours, at the registered office of the Issuer.

Potential investors are invited to take into account risks described in the "Risk Factors" section before deciding to invest in the Notes issued under the Programme.

This Base Prospectus (together with all supplements thereto from time to time), which contains, or incorporates by reference, all relevant information concerning the Issuer, the Guarantor, the Issuer and its consolidated subsidiaries taken as a whole (the "Issuer Group"), the Guarantor and its consolidated subsidiaries taken as a whole (the "Guarantor Group") as well as the base terms and conditions of the Notes to be issued under the Programme, constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation. Each Tranche (as defined in "General Description of the Programme") of Notes will be issued pursuant to the provisions contained in "Terms and Conditions of the Notes" of this Base Prospectus, as supplemented by the provisions of the Final Terms determined by the Issuer and the relevant Dealers (as defined in "General Description of the Programme") at the time of the issue of such Tranche. The Base Prospectus (and any supplement relating thereto) and the Final Terms will constitute together a prospectus for the purposes of Article 6 of the Prospectus Regulation.

This Base Prospectus contains or incorporates by reference all relevant information necessary to enable prospective investors to make an informed assessment of the assets and liabilities, profit and losses, financial position and prospects of the Issuer, the Guarantor, the Issuer Group and the Guarantor Group, the rights attaching to the Notes and the reason for the issuance and its impact on the Issuer, including information required by Annexes 7, 15 and 21 of the Commission delegated regulation (UE) 2019/980 dated 14 March 2019, as amended (the "Delegated Regulation"). Each of the Issuer and the Guarantor assumes the responsibility thereto.

This Base Prospectus does not constitute an invitation or an offer made by or on behalf of the Issuer, the Guarantor, the Dealers or the Arranger to subscribe or purchase any Notes.

No person is or has been authorised to give any information or to make any representation other than those contained or incorporated par reference in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Guarantor, the Arranger or any of the Dealers. Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer, the Guarantor, the Issuer Group and/or the Guarantor Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer, the Guarantor, the Issuer Group and/or the Guarantor Group since the date of this Base Prospectus or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. In particular, no action has been taken by the Issuer, the Arranger or the Dealers which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes.

For a description of these and certain further restrictions on offers, sales and transfers of Notes and on distribution of this Base Prospectus, potential investors are invited to refer to the "Subscription and Sale" section. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States of America, in the EEA (including France, Norway and Italy), the United Kingdom, Switzerland and Hong Kong.

The Arranger and the Dealers have not separately verified the information contained or incorporated by reference in this Base Prospectus. Neither the Arranger nor the Dealers makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information contained or incorporated by reference in this Base Prospectus. Neither this Base Prospectus nor any other information supplied in connection with the Programme is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Guarantor, the Arranger or the Dealers that any recipient of this Base Prospectus should purchase the Notes. Each prospective investor of Notes should determine for itself the relevance of the information contained or incorporated by reference in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. Neither the Arranger nor the Dealers undertake to review the financial or general condition of the Issuer and/or the Guarantor during the life of the arrangements contemplated

by this Base Prospectus nor to advise any investor or prospective investor in the Notes of any information that may come to the attention of any of the Dealers or the Arranger.

NOTICE

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules. Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

THE NOTES MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS

Each prospective investor in the Notes must determine based on its personal assessment and with the help of any adviser he may find to be useful depending on the circumstances, the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and the risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus and in the relevant Final Terms;
- (ii) have access to and knowledge of appropriate analytical tools to evaluate, in the context of its particular financial situation and sensitivity to the risk, an investment in the relevant Notes and the impact the relevant Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant rates and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to face the applicable risks.

A potential investor should not invest in Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The tax legislation of the investors' Member State and of the Issuer's (and, if applicable, the Guarantor's) country of incorporation may have an impact on the income received from the Notes.

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial notes such as the Notes. Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

A number of Member States of the European Union are currently negotiating to introduce a financial transactions tax in respect of the Notes issued (the "Tax"). Prospective investors should consult their own tax advisers in relation to the consequences of the Tax associated with the Notes.

The United States has enacted rules, commonly referred to as FATCA, that generally impose a new reporting and withholding regime with respect to U.S. source payments (including dividends and interest), gross proceeds from the disposition of property that can produce U.S. source interest and dividends and certain payments made by entities that are classified as financial institutions under FATCA. The United States and France entered into an intergovernmental agreement to implement FATCA (the "French IGA").

Under the French IGA, as currently drafted, it is not expected that the Issuer, the Guarantor or the foreign financial institutions (such as clearing systems or other financial intermediaries between the Noteholders and the Issuer) located within the French IGA jurisdiction shall be required to withholding on payments made within the scope of FATCA. However, significant aspects of whether or how FATCA will apply remain unclear, and no assurance can be given that withholding in accordance with FATCA will not become relevant with respect to payments made by the Issuer in the future.

Prospective investors should consult their own tax advisors regarding FATCA.

IMPORTANT NOTICE RELATING TO NOTES ISSUED WITH A SPECIFIC USE OF PROCEEDS

Potential investors should consider the information contained in this Base Prospectus relating to the expected use of the net proceeds of the issue, and should determine the relevance of such information to themselves, as well as any other matter that the relevant investor deems necessary for the purposes of any investment in the Notes.

In the event that the relevant Final Terms provide for the delivery of any third party opinion or certification (or that such opinion or certification is published without having been solicited by the Issuer), no warranty or representation is given as to the adequacy or reliability of such opinion or certification in connection with the issue of the Notes and in particular of any Eligible Project and/or Green Eligible Projects in relation to the environmental and/or social criteria published by ICMA and/or the Taxonomy Regulation (as defined in the section entitled "Risk Factors" of this Base Prospectus). Such opinion or certification is not, and should not be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold such Notes. Currently, the providers of such opinions and certifications are not subject to any regulatory or other supervision or regime.

IMPORTANT NOTICE RELATING TO CREDIT RATING

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors described in this paragraph, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised (upward or downward) or withdrawn at any time by the rating agency without prior notice. Any downward revision or withdrawing may adversely affect the market value of the Notes.

As the ratings of the Guarantor and the Programme are correlated with the rating of the French state, an eventual reappraisal of the sovereign rating by the credit rating agency(ies) that has (have) rated the French state may result in an adjustment of their ratings.

EU MIFID II – PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Tranche of Notes will include a legend entitled "EU MIFID II Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate, taking into account the five (5) categories referred to in item 18 of the guidelines published by the ESMA. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment. However, a distributor subject to directive 2014/65/EU of the European Parliament and of the Council dated 15 May 2014 on markets in financial instruments, as amended ("MIFID II") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the MIFID II - Product Governance rules under EU delegated directive 2017/593 of the Commission dated 7 April 2016 (the "EU MIFID Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer of these Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the EU MIFID Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "UK MIFIR product governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA (in accordance with the FCA's policy statement entitled "*Brexit our approach to EU non-legislative materials*") and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment. However, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MIFIR Product Governance Rules") is

responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MIFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MIFIR Product Governance Rules.

PRIIPS REGULATION - PROHIBITION OF SALES TO EEA RETAIL INVESTORS – If the Final Terms in respect of any Tranche of Notes specify "PRIIPs Regulation - Prohibition of Sales to EEA retail investors" as "Applicable", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MIFID II; or (ii) a customer within the meaning of directive (EU) 2016/97 of the European Parliament and of the Council dated 20 January 2016 on insurance distribution, as amended (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MIFID II. Consequently, in such case, no key information document required by Regulation (EU) No 1286/2014 of the European Parliament and of the Council dated 26 November 2014 on key information documents for packaged retail and insurance-based investment products (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPs REGULATION – PROHIBITION OF SALES TO UK RETAIL INVESTORS – If the Final Terms in respect of any Tranche of Notes specify "Prohibition of Sales to UK retail investors" as "Applicable", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the "UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Commission Delegated Regulation (EU) 2017/565 of 25 April 2016 supplementing MiFID II as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "FSMA") and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by the PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Optional Redemption:	The relevant Final Terms will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Noteholders, and if so the terms applicable to such redemption among the options described in Condition 7.
Redemption by Instalments:	The Final Terms issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.
Early Redemption:	Except as provided in "Optional Redemption" of the Terms and Conditions above, Notes will be redeemable at the option of the Issuer prior to their stated maturity only for tax reasons, as more fully described in Condition 7.
Withholding tax:	<p>All payments of principal, interest and other revenues in respect of the Notes by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction becomes required by law.</p> <p>If French law should require that payments of principal or interest in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, subject to exceptions as further described in Condition 9.</p>
Interest Periods and Interest Rates:	For each Series, the length of the Interest Periods for the Notes, the applicable Interest Rate and the method of calculation may differ from time to time or be constant, depending on the Series. Notes may have a Maximum Interest Rate, a Minimum Interest Rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same Interest Period. The relevant Final Terms will set out such information among the options and terms and conditions described in Condition 6 "Interest and other calculations".
Fixed Rate Notes:	Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.
Floating Rate Notes:	<p>Floating Rate Notes will bear interest determined separately for each Series as follows, as set out in the relevant Final Terms:</p> <ul style="list-style-type: none"> (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by the FBF Master Agreement, or (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions, or (iii) on the basis of a reference rate appearing on an agreed screen page of a commercial quotation service (including, without limitation, EURIBOR (or TIBEUR in French), CMS Rate, SONIA, €STR or TEC10²), <p>in each case as adjusted by any applicable Margin and/or Rate Multiplier, if any, and calculated and payable as indicated in the applicable Final Terms. Floating Rate Notes may also have a Maximum Interest Rate, a Minimum Interest Rate or</p>

	both. Unless a higher Minimum Rate of Interest is specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.
Fixed to Floating Rate Notes:	Fixed/Floating Rate Notes may be converted from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the relevant Final Terms either by the election of the Issuer or automatically.
Zero Coupon Notes:	Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.
Use of proceeds:	<p>1. Green Bonds</p> <p>If specified in the relevant Final Terms, and subject to the following, the net proceeds will be used to finance or refinance, in all or in part, new and/or existing medium and long-term loans to finance projects relating to solar and wind power generation, defined in the framework entitled "Bpifrance Green Bond Framework" (the "Green Bonds Framework") published on the Issuer's website (https://www.bpifrance.fr/Espace-Investisseurs) or click here under the term Eligible Green Loans (the "Eligible Green Loans"). The criteria for issues of Notes to finance or refinance, in whole or in part, Eligible Green Projects (the "Green Bonds") are defined in the Green Bonds Framework.</p> <p>The Green Bonds Framework has been prepared in respect of the four pillars of the "Green Bonds Principles", 2018 edition, published by ICMA (the "GBP") (or in any other recent version as specified in the relevant Final Terms), reminded hereafter : (i) use of proceeds, (ii) process for evaluation and selection, (iii) management of proceeds and (iv) reporting. The Green Bonds Framework will be updated or expanded to reflect changes in market practices, regulations and the activities of the Issuer.</p> <p>Bpifrance has appointed CICERO to carry out an external review of the Green Bonds Framework and to issue an opinion on the environmental characteristics and compliance of the Green Bonds Framework with the GBP and with the current version of the EU Green Bonds Standard.</p> <p>The Issuer undertakes to publish on its website (in the "Investors Relations" section), at the time of publication of its annual financial statements, a report (i) highlighting the allocation of the net proceeds of such issues to the financing or refinancing of Eligible Green Loans and (ii) assessing, to the extent possible, the impact of such Eligible Green Loans on the environment and/or sustainable development. As of the date of this Base Prospectus, both Moody's and Fitch are credit rating agencies established in the European Union, registered under the CRA Regulation and included in the list of registered credit rating agencies published on the website of the European Securities and Markets Authority (https://www.esma.europa.eu/supervision/credit-rating-agencies/risk) in accordance with the CRA Regulation. The ratings of the Guarantor and of the Programme have been endorsed by Moody's Investors Service Limited and Fitch Ratings Limited, respectively, in accordance with the UK CRA Regulation and have not been withdrawn. As such, the ratings issued by Moody's and Fitch may be used for regulatory purposes in the United Kingdom in accordance with the UK CRA Regulation. Notes issued under the Programme may, or may not, be rated. The rating of Notes (if any) will be specified in the relevant Final Terms. It will not necessarily be the same as the rating of the Programme and/or the Guarantor. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency without prior notice.</p>
Selling Restrictions:	<p>There are restrictions on the offer, sale of Notes and the distribution of offering material in various jurisdictions. See "Subscription and Sale".</p> <p>The Issuer is Category 1 for the purposes of Regulation S.</p> <p>Materialised Notes will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the "TEFRA C Rules") or (ii) such Materialised Notes are issued other than in compliance with the TEFRA D Rules or the TEFRA C Rules but in circumstances in which the Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of</p>

1982 ("**TEFRA**"), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

RISK FACTORS

The Issuer and the Guarantor believe that the risk factors described below are specific and determining factors to make a decision to invest in the Notes and/or may affect their ability to fulfil their obligations under the Notes or the Guarantee, as the case may be, towards investors.

The Issuer and the Guarantor consider that the factors described below represent the main risks inherent in any decision to invest in the Notes issued under the Programme. Other risks, which the Issuer or the Guarantor is not currently aware of, or does not at present regard as unlikely to have a significant adverse impact, could, in the future, have a significant impact on an investment in the Notes. Neither the Issuer nor the Guarantor represents or considers the risk factors described below to be exhaustive.

Prospective investors should also read the detailed information set out or incorporated by reference in this Base Prospectus and reach their own views prior to making any investment decision.

In accordance with the provisions of Article 16 of the Prospectus Regulation, the risk factors described below are classified and set out in decreasing order of importance within each category (and without any particular order of importance between categories).

All capitalised terms which are not defined in this section shall have the meaning given to them in the "Terms and Conditions of the Notes" section.

Any reference hereinafter to Condition refers to the related article in the "Terms and Conditions of the Notes".

1. Risks relating to the Issuer

Risks factors linked to the Issuer and its activity are described on pages 145 to 152 of the 2021 Issuer Universal Registration Document (as defined hereafter) which is incorporated by reference on page 26 of this Base Prospectus.

2. Risks relating to the Guarantor

The main significant risks to which the Guarantors believes to be exposed, as of the date of this Base Prospectus, are (i) the exchange rate risk, under the Guarantee and (ii) the credit and counterparty risk.

2.1 Risk relating to exchange rate

In accordance with article 2.2 of the Form of Guarantee: (i) the Guarantor shall make any payment under the Guarantee in euros, whereas the amount called by a Noteholder under the Guarantee may be denominated in a currency other than euro, and (ii) the payment made by the Guarantor in euros under the Guarantee will be made in an amount equivalent in euros to the amount called under the Guarantee, as calculated by the Fiscal Agent using the official interbank Euro/(Specified Currency) conversion rate published by the European Central Bank one (1) Business Day before the Guarantor's payment date under the Guarantee. The value of euro against the currencies of the Notes fluctuates and is influenced by international political and economic conditions and many other factors. As a result, the value of payments in euros under the Guarantee may vary according to fluctuations of applicable market exchange rates. This presents certain risks relating to currency conversion, as the conversion rate used by the Fiscal Agent may not be available to convert the amount received under the Guarantee into euros into the currency called under the Guarantee. An increase in the value of the payments in euro made under the Guarantee could have an adverse impact on the Guarantor's results and financial position.

2.2 Credit and counterparty risk

The Guarantor's credit and counterparty risk is the risk of losses due to the inability of a counterparty to meet its financial obligations.

The default of a counterparty under a guarantee commitment could result in financial losses and thus have a material adverse effect on the Guarantor's results, financial position and prospects.

As of 31 December 2021, the maximum credit risk exposure is estimated at approximately EUR 52,444,500,000 (compared to EUR 51,103,700,000 as of 31 December 2020), of which EUR 42,723,100,000 corresponds to guarantee commitments given and signature commitments. These commitments relate to loans by Bpifrance and guaranteed by the Guarantor. The Guarantor is therefore indirectly exposed to the credit and counterparty risk of Bpifrance, as set forth in the "Documents incorporated by reference" section of this Base Prospectus.

Detailed information relating to credit and counterparty risk are set out in note 8 of the annex to the consolidated financial statements on pages 41 to 43 of the 2021 Guarantor Annual Report (as defined below) incorporated by reference on page 30 of this Base Prospectus.

3. Risks relating to the Notes

3.1 Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features and associated risks:

(i) Risks related to the interest rate of the Notes

Fixed Rate Notes

In accordance with Condition 6(b) of the Terms and Conditions of the Notes, Notes may be Fixed Rate Notes. Investment in Notes which bear interest at a Fixed Rate involves the risk that inflation or subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

While the nominal interest rate of a Fixed Rate Note is determined during the term of such Note or within a given period of time, the market interest rate (the "**Market Interest Rate**") varies daily. As the Market Interest Rate changes, the price of the Note varies in the opposite direction. If the Market Interest Rate increases, the price of the Note typically decreases. If the Market Interest Rate decreases, the price of a Fixed Rate Note typically increases.

Movements of the market interest rate can adversely affect the price of the Notes, if holders of Fixed Rate Notes sell their Notes during the period in which the Market Interest Rate exceeds the Fixed Rate Notes.

In addition, the yield of the Fixed Rate Notes (which shall be specified in the relevant Final Terms) is calculated at the Issue Date on the basis of the issue price.

A movement in Market Interest Rates may have a material adverse impact on the value of the Notes and cause Noteholders who sell such Notes on the secondary market to lose all or part of their initial investment.

Zero Coupon Notes and Notes issued at a substantial discount or premium

In accordance with Condition 6(e) of the Terms and Conditions of the Notes, Notes may be Zero Coupon Notes. The market values of Zero Coupon Notes and any other Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of such Notes, the greater their price volatility as compared to conventional interest-bearing securities with comparable maturities.

Accordingly, for Zero Coupon Notes, Fixed Rate Notes or Floating Rate Notes in similar market conditions, holders of Zero Coupon Notes are likely to suffer greater investment losses than holders of other securities such as Fixed Rate Notes or Floating Rate Notes. Such volatility may adversely affect the value of the Notes.

Floating Rate Notes

In accordance with Condition 6(c) of the Terms and Conditions of the Notes, the Notes may be Floating Rate Notes. Investment in Notes which bear interest at a Floating Rate comprise (i) a Relevant Rate and (ii) a Margin to be added or subtracted, as the case may be, from such Relevant Rate. Typically, the relevant Margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the Relevant Rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the Relevant Rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the Relevant Rate.

Besides, a key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Terms and conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Floating Rate Notes can be volatile investments. If they are structured to include Rate Multipliers, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

The amount of interest due on each Interest Payment Date may be different from the amount paid on the first or previous Interest Payment Date and could have a material adverse impact on the performance of the Notes and result in a decrease in the market value of the Notes for any Noteholder wishing to sell its Notes.

Fixed to Floating Rate Notes

In accordance with Condition 6(d) of the Terms and Conditions of Notes, Notes may be Fixed to Floating Rate Notes. Fixed to Floating Rate Notes may bear interest at a rate that will automatically, or that the Issuer may elect to, convert from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate. The conversion (whether automatic or optional) will affect the secondary market and the market value of such Notes since it may lead to a lower overall cost of borrowing. If a Fixed Rate is converted to a Floating Rate, the spread on the Fixed to Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same Relevant Rate. In addition, the new Floating Rate at any time may be lower than the rates on other Notes. If a Floating Rate is converted to a Fixed Rate, the Fixed Rate may be lower than then prevailing rates on its Notes. The conversion described above could have a negative impact on the market value of these Notes.

Reform and regulation of Benchmarks

In accordance with Condition 6(c) of the Terms and Conditions of Notes, the Final Terms relating to a Series of Floating Rate Notes may provide that the Rate of Interest of such Floating Rate Notes will be determined by reference to interest rates and indices, which are deemed to be Benchmarks (such as, EURIBOR, CMS Rate, SONIA, €STR or TEC10 or any other reference rate specified in the relevant Final Terms). These Benchmarks have been the subject of recent international, national and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such Benchmarks to perform differently from the past or disappear entirely, to be subject to revised calculation methods, or have other consequences that cannot be predicted. Any such consequence could have a material adverse effect on any Floating Rate Notes linked to or referencing such Benchmark.

Regulation (EU) 2016/2101 of the European Parliament and of the Council dated 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds, as amended (the "**Benchmark Regulation**") entered into force on 30 June 2016, with the majority of its provisions applying from 1 January 2018.

The Benchmark Regulation (i) require benchmark administrators to be authorised or registered (or, if non-European Union ("EU") based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks (or, if non-EU based, to be subject to equivalent requirements) and (ii) prevent certain uses by EU supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, deemed equivalent or recognised or endorsed). In the United Kingdom, the Benchmark Regulation as it forms part of domestic law by virtue of European Union (Withdrawal) Act 2018 provides for equivalent sets of rules.

The Benchmark Regulation could have a material impact on any Floating Rate Notes traded on a trading venue or via a systematic internaliser referencing a Benchmark. In particular, the methodology or other terms of the Benchmark could be changed in order to comply with the terms of the Benchmark Regulation, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level of the Benchmark. Either of the above could potentially lead to the Notes being adjusted or otherwise impacted depending on the particular Benchmark and the applicable terms of the Floating Rate Notes or have other adverse effects or unforeseen consequences.

More broadly, any of the international, national or regulatory reforms, or the general increased regulatory scrutiny of benchmarks, such as Benchmarks, or any further uncertainty in relation to the timing and manner of implementation of such changes, could increase the costs and risks of administering or otherwise participating in the setting of a Benchmark and complying with any such regulations or requirements. Such factors may have the effect on certain benchmarks, such as Benchmarks of (i) discouraging market participants from continuing to administer or contribute to the Benchmark, (ii) triggering changes in the rules or the methodologies used in the Benchmark or (iii) leading to the disappearance of these Benchmark. Any of the above changes or any other changes resulting from international or domestic reforms or other initiatives or investigations could have a significant adverse impact on the value and performance of any Floating Rate Note having a Benchmark Index as a reference.

If a Benchmark were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference such Benchmark will be determined for the relevant period by the fall-back provisions applicable to such Notes (it being specified that in case of discontinuation of the relevant rate or occurrence of an Administrator/Benchmark Event, a specific fall-back shall apply - please refer to the risk factor entitled "*The discontinuance of the relevant rate or occurrence of an Administrator/Benchmark Event could have a material adverse effect on the value of and return on any such Floating Rate Note referencing such Benchmarks*" below). However, such fall-back provisions may be deviated from if deemed unsuitable by the Commission or the relevant national authority, as further explained below

Depending on the provisions of the relevant Final Terms: (i) if FBF Determination or ISDA Determination applies, the determination may be reliant upon the provision by reference banks of offered quotations for the Benchmark which, depending on market circumstances, may not be available at the relevant time or (ii) if Screen Rate Determination applies, the determination may result in the effective application of a fixed rate based on the rate which applied in the previous period when the benchmark was available. These provisions could have an adverse effect on the value, liquidity of, and return on, any Floating Rate Notes linked to or referencing a Benchmark.

The Benchmarks Regulation was further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 which introduces a harmonised approach to deal with the cessation or wind-down of certain Benchmarks (such as EURIBOR) by conferring the power to designate a statutory replacement for said Benchmarks on the Commission or the relevant national authority, such replacement being limited to contracts and financial instruments (such as certain Notes issued under the Programme) which contain no fallback provision or no suitable fallback provisions before the date of cessation of the Benchmark concerned. For instance, if pursuant to a fallback provision included in the Condition 6(c)(iii) of the Terms and Conditions of the Notes a Benchmark is replaced by a Benchmark which no longer reflects or which significantly diverges from the underlying market or the economic reality that the Benchmark in cessation is intended to measure, a statutory replacement of such Benchmark may be designated. This replacement could have a negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such Benchmark and may not operate as intended at the relevant time or may perform differently from the discontinued or otherwise unavailable Benchmark. However, there are still uncertainties about the exact implementation of this provision pending the implementing acts of the European Commission.

In addition, Regulation (EU) 2021/168 is subject to further development through delegated regulations, the transitional provisions applicable to third-country Benchmarks are extended until the end of 2023 and the Commission is empowered to further extend this period until the end of 2025, if necessary. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations.

Risks related to Notes which are linked to SONIA or €STR,

The market continues to develop in relation to adoption of risk free rates (including overnight rates) as the Sterling Overnight Index Average (the "**SONIA**") or the Euro short term rate ("**€STR**"). These new overnight risk-free rates are still however in very early stages of development and they may not be widely adopted by market users.

The Final Terms for a Series of Floating Rate Notes may provide that the Rate of Interest for such Notes will be determined by reference to such SONIA or €STR.

The market or a significant part thereof may adopt an application of SONIA or €STR that differs significantly from that set out in the Terms and Conditions of the Notes and used in relation to Floating Rate Notes issued under this Base Prospectus that reference SONIA or €STR.

The nascent development of these overnight risk-free rates as interest reference rates for the Eurobond markets, as well as continued development of such rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Floating Rate Notes. The return on and value of SONIA or SOFR- or SONIA-linked Notes may fluctuate more than Notes that are linked to less volatile rates. Since overnight risk-free rates are relatively new market indexes, the Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Investors in the Notes may not be able to sell the Notes at all or may not be able to sell the Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Interest on Floating Rate Notes that reference SONIA or €STR is only capable of being determined at the end of the relevant Interest Period and shortly prior to the relevant Interest Payment Date. It may be difficult for investors in Floating Rate Notes that reference SONIA or €STR to reliably estimate the amount of interest that will be payable on such Floating Rate Notes.

The mismatch between the adoption of such reference rates across these markets may impact negatively any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Floating Rate Notes referencing SONIA or €STR.

The discontinuance of the relevant rate or occurrence of an Administrator/Benchmark Event could have a material adverse effect on the value of and return on any such Floating Rate Note referencing such Benchmark

Where FBF Determination, ISDA Determination or Screen Rate Determination are specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined and if the Relevant Rate has been discontinued or an Administrator/Benchmark Event (only applicable for Screen Rate Determination, as further described in Conditions 6 (c)(iii)(D) of the Terms and conditions of the Notes (except for SONIA and €STR)) has occurred, the Rate of Interest on the affected Notes will be changed in ways that may be adverse to holders of such Notes, without any requirement that the consent of such holders be obtained

Pursuant to the Terms and Conditions related to Floating Rate Notes for which Screen Rate Determination is specified, such fallback arrangements include the possibility that the Rate of Interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in Condition 6(c)(iii)(D) of the Terms and Conditions of the Notes), and may include concomitant changes to the Terms and Conditions of the Notes necessary to make the Alternative Rate or the Successor Rate as comparable as possible to the previous Original Reference Rate, all as determined by the Relevant Rate Determination Agent and without the consent of the holder of Noteholders.

In certain circumstances, including where no Successor Rate or Alternative Rate (as applicable) is determined or due to the uncertainty concerning the availability of Successor Rates or Alternative Rates and the involvement of an Relevant Rate Determination Agent, the relevant fallback provisions may not operate as intended at the relevant time and the Alternative Rate or Successor Rate may perform differently from the Original Reference Rate.

If the Relevant Rate Determination Agent is unable to determine an appropriate Successor Reference Rate or Alternative Reference Rate for any Relevant Rate on or prior to the next following Interest Determination Date, then the provisions for the determination of the Rate of Interest on the affected Notes will not be changed. In such cases, the Terms and Conditions of the Notes provide that the Rate of Interest on such Notes shall be the Rate of Interest determined on the previous Interest Determination Date, as determined by the Calculation Agent (which could result in the effective application of a fixed rate). In such circumstances and a rising interest rate environment, holders of Notes will, consequently, not benefit from any increase in rates. The trading value and the yield of such Floating Rate Notes could therefore be adversely and significantly affected.

Moreover, any of the above matters or any significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or could adversely affect the value or liquidity of, or the amounts due under the Floating Rate Notes. The future volatility of interest rates on the market could have an adverse effect on the value of the Notes.

(ii) Notes subject to optional redemption by the Issuer

Condition 7(c) of the Terms and Conditions of the Notes allows the issue of the Notes with an optional redemption at the option of the Issuer. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The existence of such an optional redemption of the Notes could have a material adverse impact on the market value of the Notes.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. As a result, this could have a significant negative impact on the Noteholders who may lose all or a significant portion of the capital invested in the Notes.

In the context of a Clean-up Call Option as provided in Condition 7(c)(iv) of the Terms and Conditions of the Notes, the Issuer is not required to inform the Noteholders of a specific Series when at least 80 per cent. of the nominal amount of the Notes initially issued have been redeemed or repurchased (and consequently cancelled).

In addition, the exercise of a redemption option by the Issuer only for certain Notes may affect the liquidity for the other Notes of the same Series for which the option has not been exercised. On the basis of the number of Notes of the same series for which the redemption option provided in the relevant Final Terms was exercised, the securities market for which such redemption right was not exercised could become illiquid. The probability of the Issuer exercising an early redemption option is high and the exercise of such option may have a material adverse impact on the liquidity of the Notes still outstanding.

(iii) Risks related to Green Bonds

It is provided for in this Base Prospectus that the Notes may constitute Green Bonds (as defined below), as specified in the Final Terms for the relevant Tranche of Notes. In such case, the net proceeds of the issue of such Tranche of Notes will be used by the Issuer to finance or refinance, in whole or in part, Eligible Green Loans (the

"Eligible Green Loans") (the "Green Bonds"). The criteria for issues to finance or refinance Eligible Green Loans are set out in the framework entitled "Bpifrance Green Bond Framework" (the "Green Bond Framework") available on the Issuer's website (<https://www.bpifrance.fr/Espace-Investisseurs>) or [click here](#).

The Regulation (EU) No 2020/852 of the European Parliament and of the Council dated 18 June 2020 on the establishment of a framework to facilitate sustainable investment, as amended (the "Taxonomy Regulation") has been adopted, establishing a single EU-wide classification system, or "taxonomy", which provides companies and investors with a common language for determining which economic activities can be considered environmentally sustainable (the "EU Taxonomy"). The Taxonomy Regulation establishes six environmental objectives: (i) climate change mitigation, (ii) climate change adaptation, (iii) the sustainable use and protection of water and marine resources, (iv) the transition to a circular economy, (v) pollution prevention and control and (vi) the protection and restoration of biodiversity and ecosystems. Under the Taxonomy Regulation, the European Commission had to come up with the actual list of environmentally sustainable activities by defining technical screening criteria for each environmental objective.

The EU Taxonomy is subject to further development through delegated regulations. A first Delegated Regulation (EU) 2021/2139 dated 4 June 2021 established the technical screening criteria governing the conditions under which an activity qualifies as "contributing substantially" to climate change mitigation or climate change adaptation and whether that economic activity causes no significant harm to any of the other environmental objectives. Another delegated acts for the remaining objectives should be published in 2022. In addition, the European Commission adopted a Delegated Regulation (EU) 2021/2178 dated 6 July 2021 supplementing Article 8 of the Taxonomy Regulation and specifying the content, methodology and presentation of information to be disclosed by certain undertakings concerning environmentally sustainable economic activities. Moreover, on 6 July 2021 the European Commission published its proposal for a regulation on an EU green bond standard and on 13 April 2022, the European Union permanent representatives greenlighted the Council's position on the proposal to create European green bonds. Negotiations with the European Parliament in order to agree on a final version of the text will now begin.

The use of proceeds of the issues of the relevant Tranche of Notes for any financing or refinancing of the Eligible Green Loans may not satisfy, in whole or in part, the expectations or requirements of current or future investors with respect to the criteria or indications with which such investors or their investments are required to comply, whether under current or future law or regulation, their own articles of association, any other governance rules, or their mandates as portfolio managers.

In the event that the Green Bonds are listed or admitted to trading on a environmental, sustainability or other equivalent system of a stock exchange or financial market (whether regulated or not), no representation is made by the Issuer or any other person that such listing satisfies, in whole or in part, the expectations or requirements of current or future investors with respect to the criteria or indications with which such investors or their investments are required to comply. In addition, it should be noted that the criteria for each admission to trading may vary from market to market (from one exchange to another).

The Issuer intends to use the net proceeds of the issuance of the relevant Tranche of Notes to finance or refinance Eligible Green Loans. However (i) such Eligible Green Loans may not be implemented or completed in accordance with any forecasts made and (ii) sufficient Eligible Green Loans, to which the net proceeds of the issuance of Green Bonds may be applied, may not be implemented or completed, including as a result of prepayments or changes in environmental economic strategy. In addition, such Eligible Green Loans may not be completed within a specified period of time or may not produce the results or effects originally expected or anticipated by the Issuer. Thus, the net proceeds of the Issue may not be fully or partially allocated to Eligible Green Loans.

Any failure to allocate the net proceeds of an issue of Green Bonds as specified in this Base Prospectus and/or the withdrawal of any rating or certification or any opinion, certification or rating that the Issuer would not comply in whole or in part with the criteria or requirements covered by such opinion, certification or rating, or any change in the Issuer's Green Bond Framework and/or selection criteria will not constitute for the Issuer an Event of Default under Condition 10 of the Terms and Conditions of the Notes, but may adversely affect the value of the Green Bonds, and may affect certain investors who are required by their portfolio management mandates to invest in assets intended to be used for a particular purpose.

3.2 Risks related to all Series of Notes

Modification of the Conditions

In accordance with Condition 12 of the Terms and Conditions of the Notes, the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse and a General Meeting can be held. The Terms and Conditions permit in certain cases, at a specific majority of

Noteholders, to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority. The General Meeting may deliberate on any proposal relating to the modification of the Conditions including any proposal for settlement or transaction relating to rights in controversy or which were the subject of judicial decisions, as more fully described in Condition 12 of the Terms and conditions of the Notes.

A majority of the Noteholders may amend the Terms and Conditions through a General Meeting in a way that could prejudice or limit the rights of certain other Noteholders, for example by temporarily or permanently waiving certain rights or by changing the financial terms of the Notes and reducing their return to the Noteholders. These changes could in turn have the effect of reducing the market value of the Notes.

Change of laws

The Terms and Conditions of the Notes and the provisions of the Guarantee are based on French law in effect as at the date of this Base Prospectus. The impact of any possible judicial decision or change to French law or administrative practice after the date of this Base Prospectus could in particular (i) affect a provision of the Terms and Conditions of the Notes or the Guarantee, (ii) result in additional amounts under the Notes or the Guarantee in accordance with Condition 9(b) of the Terms and Conditions of the Notes and article 2.4(ii) of the Guarantee or (iii) result in the early redemption of the Notes in accordance with Condition 7(f) and/or 7(j) of the Terms and Conditions of the Notes.

Any judicial decision or change of laws could have a material adverse effect on the market value of the Notes, depending on the nature of the change, and could have potentially material adverse on the investment of the Noteholders. The risk of changes in applicable laws is high for Notes with longer maturities.

French insolvency law

As a *société anonyme* incorporated in France, French insolvency laws apply to the Issuer to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848 of the European Parliament and of the Council date of 20 May 2015 on insolvency proceedings, as amended) of the Issuer is located in France.

Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 (directive on restructuring and insolvency) has been transposed into French law by the ordinance no. 2021-1193 dated 15 September 2021 amending Book VI of the French *Code de commerce*. Such ordinance, applicable as from 1 October 2021, amends French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings.

In accordance with the Terms and Conditions, the Noteholders will be automatically grouped for the defence of their common interests in a Masse. However, in any safeguard (*procédure de sauvegarde*), accelerated safeguard (*procédure de sauvegarde accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) that may be opened in France with respect to the Issuer, and according to this ordinance, "affected parties" (including notably creditors, and therefore the Noteholders), as well as secured and unsecured receivables, shall be treated in separate classes for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria.

Holders of debt securities (including the Noteholders), as any other affected parties, will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The opening of insolvency proceedings against the Issuer could have a material adverse impact on the market value of the Notes. As a consequence, any decision taken by a class of affected parties, could negatively impact the Noteholders and cause them to lose all or part of their investment should they not be able to recover all or part of the amounts due to them from the Issuer.

Effects of the banking resolution scheme

Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms, as modified (the "**Banking Resolution Directive**" or "**BRRD**") is designed to enable a wide range of actions that can be taken by the competent authorities in relation to credit institutions whose failure is known or predictable. The BRRD was adopted by the Council on 6 May 2014 and was published in the Official Journal of the European Union on 12 June 2014. The BRRD had to be implemented by Member States by 1 January 2015 with the exception of the bail-in, which were to be implemented as of 1 January 2016. The stated objective of the BRRD is to provide the resolution authorities with

harmonized and effective instruments and powers in order to prevent banking crisis, preserve the financial stability and reduce to a minimum taxpayers' exposure to losses arising from the failure of credit institutions.

The powers granted to the authorities, designated by the Member States of the European Union, to apply the resolution tools and exercise the resolution powers set out in the BRRD (the "**Resolution Authorities**") include the powers to depreciate (the principal and / or the interest amount, partially or totally) of capital instruments (and other equity instrument) and eligible liabilities (such as the Notes), whether or not subordinate, of a credit institution under resolution, or convert to equity (for equity instruments) or in other capital instruments ("bail in"), which could also be depreciated. After absorption of the losses by the shareholders (equity and other instruments) first, such measure of bail in reaches the creditors following the order of priority set out by their receivables and may lead as appropriate, to a depreciation (the capital and/or interest partially or totally) of the securities. The bail-in tool ensures a recapitalisation of the institution under resolution, in order to restore its long-term viability after, where applicable, its reorganisation and restructuring. In order to facilitate the bail-in instruments application, credit establishments and investment companies are required under BRRD to hold a sufficient amount of commitment (useable for the bail-in) providing a large self-absorbing capacity in order to have sufficient financial resources likely to be depreciated or convert into capital (*Minimum Requirement for own funds and Eligible Liabilities* hereinafter "**MREL**"). The MREL regime, as defined by BRRD, has been reformed by : (i) directive (EU) 2019/879 of the European Parliament and of the Council amending the BRRD as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms; and (ii) regulation (EU) 2019/877 of the European Parliament and of the Council amending regulation (EU) No 806/2014 as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms, which were adopted by the European Parliament on 16 April 2019 and published in the Official Journal of the European Union on 7 June 2019. The directive, which implemented in French law by the ordinance no. 2020-1636 relating to the resolution regime in the banking sector dated 21 December 2020, provides, in particular, to harmonise at European level the creditors hierarchy in the event of insolvency by creating a new category of senior "non-preferred" debt assets which could be the subject to a bail-in measure after the other capital instruments, but prior to other senior debts. This category of assets, whose eligibility conditions were introduced in Article 72b of regulation (EU) 2019/876 of the European Parliament and of the Council amending regulation (EU) No 575/2013 as regards in particular requirements for own funds and eligible liabilities, has already been introduced into French law by the Sapin 2 Law (see below). However, bank debt instruments existing prior to 27 June 2019 which do not fulfil certain eligibility conditions for this category of senior "non-preferred" debt, including the requirement of a contractual provision governing the undertakings concerned and specifying the "non-preferred" seniority of the resulting receivable according to the legal hierarchy in the event of insolvency, may not be included in this new category of debt and will therefore not be affected by such a change.

In addition to the bail-in tool and in order to restore the long-term viability of the institution under resolution, the BRRD provides the Resolution Authorities with another wide range of powers, including among others, the powers : (i) to sale all or part of the institution's business in normal market conditions, without the consent of shareholders and without bending the procedural requirements that would apply in normal times, (ii) transfer all or part of the activities of the institution under resolution to a "bridge institution" (publicly controlled entity), (iii) to transfer depreciated or toxic assets to a structure that can manage it and, ultimately, wind it up, (iv) to replace or substitute the establishment, as a debtor in respect of debt instruments, (v) to amend the terms of certain financial instruments (including, the due date and / or the amount of interest and / or the temporary suspension of payments) and / or (vi) to terminate the listing and the admission of securities to trading.

The legislative proposal published by the European Commission on 27 October 2021 is also amending BRRD by introducing new measures to clarify the calculation of internal MREL requirements within European Union banking groups and by harmonizing supervisory powers and tools of local supervisory authorities.

The BRRD was implemented in France by ordinance 2015-1024 of 20 August 2015 containing various provisions of adaptation of legislation in line with the European Union in financial matters (the "**Ordinance**"). The Ordinance has modified and supplemented the provisions of Law 2013-672 of 26 July 2013 on separation and regulation of banking activities which, in particular, grants various powers of resolution to the resolution panel of the *Autorité de contrôle prudentiel et de résolution*. In addition, the Decree no. 2015-1160 of 17 September 2015 and three Ministerial Orders of 11 September 2015 transposing the provisions of the Ordinance on (i) the recovery plan (ii) the resolution plan and (iii) the criterion to assess the solvency of an institution or a group have been published on 20 September 2015, mainly to transpose the BRRD in France (together with the Ordinance, the "**French Resolution Regime**"). The Ordinance was ratified by Law no. 2016-1691 of 9 December 2016 on transparency, the fight against corruption and modernisation of economic life (the "**Sapin 2 Law**"), which also contains provisions clarifying the implementation of the BRRD in France. In particular, the Sapin 2 Law amended article L.613-30-3 of the French *Code monétaire et financier* in order to introduce a new layer of creditors into the creditors hierarchy, in the event of an insolvency of a credit institution, with the creation and recognition of senior

"non preferred" debt instruments under French law. Decree no. 2018-710 of 3 August 2018 specifies the conditions under which a debt instrument is considered as non-structured in order for a creditor to benefit from such new layer. Some provisions of directive (EU) 2017/2399 of the European Parliament and of the Council of 12 December 2017 amending directive 2014/59/EU as regards the ranking of unsecured debt instruments in insolvency hierarchy have been implemented into French law by article 200 of Law no. 2019-486 of 22 May 2019 on business growth and transformation (the "**Pacte Law**"). The Pacte Law is substantially on same terms as Sapin 2 Law as regards the creditors hierarchy and broadens the type of entity falling within the scope L.613-30-3 of the French *Code monétaire et financier*. The French ordinance no. 2020-1636 relating to the resolution regime in the banking sector dated 21 December 2020 also amended Article L.613-30-3 of the French *Code monétaire et financier* to provide that subordinated debts recognised for prudential purposes as equity instruments contributes to losses before other subordinated debts.

The French Resolution Regime applies to the Issuer, as a credit institution. Such measures could have a material adverse effect on the rights of the Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to meet its obligations under the Notes.

3.3 Legal risks related to the Guarantee

Duration of the Guarantee

In accordance with Condition 3 of the Terms and Conditions of the Notes, the full and timely payment of all payments of principal, interest and other revenues in respect of any Tranche of Notes will be subject to a Guarantee. The expiry date of any Guarantee granted in connection with the issue of a Tranche of Notes, will be indicated in the text of the Guarantee (i) available for inspection and copy, without charges, during normal business days and hours, at the registered office of the Issuer and (ii) when granted in respect of Notes admitted to trading on Euronext Paris or any other Regulated Market, published on the Issuer's website (www.bpifrance.fr).

If a Guarantee is not called before its expiry date, the rights of the Beneficiaries (as defined in the relevant Guarantee) under this Guarantee will expire and, accordingly, no action against the Guarantor under this Guarantee will be made, even if the actions against the Issuer under the relevant Notes, Receipts and Coupons will not be yet prescribed under Condition 11.

The expiry of the rights of the Beneficiaries as detailed above may have a negative impact on the rights of the Noteholders.

Implementation of the Guarantee by the Guarantor on its own initiative in the event of a rapid deterioration in the Issuer's financial or liquidity situation which could be expected to trigger a resolution measure

In accordance with Condition 3(b), when, independently of any other determination, the Guarantor notes a rapid deterioration in the Issuer's financial or liquidity situation which could reasonably be expected to trigger the early intervention measures provided for in article L.511-41-5 of the French *Code monétaire et financier* or the opening of a resolution procedure provided for in article L.613-49-1 of the French *Code monétaire et financier*, the Guarantor may choose to implement the Guarantee, by giving one (1) Business Day's prior notice to the Fiscal Agent (with a copy to the Representative acting on behalf of the Masse or to the Noteholder, as the case may be), notwithstanding the absence of any amount payable in respect of the Notes at the date of such notification. In this case, the Guarantor shall pay to the Fiscal Agent on behalf of the Masse or to the Noteholder, as the case may be, an amount at least equal to the sum of the principal amount outstanding of the Notes then outstanding and all accrued and unpaid interest on such Notes up to the effective date for redemption of the corresponding sums by the Guarantor.

In the event of implementation of the Guarantee by the Guarantor, holders of Dematerialised Notes inscribed in the books of Euroclear France irrevocably subrogate the Guarantor in their rights, actions and privileges against the Issuer. Subrogation will automatically transfer ownership of the Notes from such Noteholders to the Guarantor.

As a result of this possibility for the Guarantor to trigger the implementation of the Guarantee on its own initiative, the duration of the investment of the Noteholders may be reduced, which could have an adverse effect on the profitability of the investment, in compared to the expected profitability if the investment were carried out to its term. Furthermore, holders of Notes may not be able to reinvest the redemption proceeds at similar conditions and could bear a reinvestment cost during the remaining term of the investment.

3.4 Risks related to the market generally

The secondary market generally

The Programme allows for the Notes to be admitted to trading on Euronext Paris or on any other Regulated Market in agreement with the Issuer (as specified in the relevant Final Terms). However, Notes may have no established

trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have an adverse effect on the market value of Notes. In addition, the Noteholders may not be able to easily dispose of their Notes or dispose of them at a price that would allow them to achieve the anticipated return.

Market value of the Notes

The Programme allows for the Notes to be admitted to trading on Euronext Paris and/or, subject to the notification of a certificate of approval to the competent authority as may be requested by the Issuer, on any other regulated market in the European Economic Area.

The market value of the Notes may be affected by the credit quality of the Issuer and/or the rating of the Notes and other additional factors, including market interest rates or yields or the time remaining to the maturity date.

The value of the Notes depends on interrelated factors, including economic, financial or political factors in France or elsewhere, including factors affecting the capital markets generally and the stock exchanges on which the Notes are traded, that may cause market volatility, such as, for example, Euronext Paris. Such volatility may adversely affect the price of the Notes and economic and market conditions may have any other adverse effect. The price at which a Noteholder may sell its Notes prior to the maturity date may be significantly less than the issue price or purchase price paid by such Noteholder. As a result, all or part of the principal amount invested by the Noteholder may be lost upon the sale of the Notes.

Exchange rate risks and exchange controls

The Programme allows for the Notes to be issued in a range of currencies (each a "**Specified Currency**" as defined in Condition 6(a) of the Terms and Conditions of Notes). The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or amend exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive in payment less interest or principal than expected, or no interest or principal.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, as completed by the provisions of the relevant Final Terms (as defined below), shall be applicable to the Notes (the "Terms and Conditions"). In the case of Dematerialised Notes (as defined below), the text of the Terms and Conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes (as defined below), either (i) the full text of the Terms and Conditions together with the relevant provisions of the Final Terms (subject to simplification by the deletion of non-applicable provisions) or (ii) these Terms and Conditions as so completed shall be endorsed on Definitive Materialised Notes.

All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References below to "Conditions" are, unless the context requires otherwise, to the numbered paragraphs below. References in the Conditions to "Notes" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by Bpifrance (the "**Issuer**" or "**Bpifrance**") in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical save as to the first payment of interest), the Notes of the same Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same issue date or on different issue dates and on terms identical to the terms of other Tranches of the same Series, save in respect of the issue price and, as the case may be, the issue date, the first payment of interest and the aggregate nominal amount of the Tranche. The Notes will be issued under the Terms and Conditions of this Base Prospectus as completed by the provisions of the relevant final terms (the "**Final Terms**") relating to the specific terms of each Tranche (including, without limitation, the aggregate nominal amount, issue price, redemption price, and interest, if any, payable under the Notes).

The Notes are issued with the benefit of an amended and restated agency agreement in the French language dated 10 June 2022 (as amended, the "**Agency Agreement**") between the Issuer, the Guarantor (as defined below) and BNP Paribas Securities Services as fiscal agent, principal paying agent and calculation agent. The fiscal agent, the paying agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agent(s)**" (which expression shall include the Fiscal Agent) and the "**Calculation Agent(s)**".

The holders of the interest coupons (the "**Coupons**") relating to interest bearing Materialised Notes and, where applicable in the case of such Notes, the holders of talons for further Coupons (the "**Talons**") and the holders of the receipts for the payment of instalments of principal relating to Materialised Notes of which the principal is redeemable in instalments (the "**Receipts**") are respectively referred to below as the "**Couponholders**" and the "**Receiptholders**".

For the purposes of these Terms and Conditions, "**Regulated Market**" means any regulated market located in a Member State of the European Economic Area ("**EEA**"), as defined in directive 2014/65/UE of the European Parliament and of the Council dated 15 May 2014 on markets in financial instruments, as amended, appearing on the list of regulated markets of the European Securities and Markets Authority.

1. Form, denomination and title

(a) Form

Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**"), as specified in the relevant Final Terms.

- (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R. 211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be delivered in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer, as set out in the relevant Final Terms, in either bearer form (*au porteur*), which will be inscribed in the books of Euroclear France (acting as central depository) which shall credit the accounts of the Account Holders, or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant holder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder designated by the relevant holder of Notes or in fully registered form (*au nominatif pur*) inscribed in an account maintained by the Issuer or a registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the "**Registration Agent**").

For the purpose of these Conditions, "**Account Holder**" means any authorised financial intermediary institution entitled to hold securities accounts, directly or indirectly, with Euroclear

France, and includes Euroclear Bank SA/NV ("**Euroclear**") and the depositary bank for Clearstream Banking, SA ("**Clearstream**").

- (ii) Materialised Notes are issued in bearer form only. Materialised Notes in definitive form ("**Definitive Materialised Notes**") are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. "**Instalment Notes**" are issued with one or more Receipts attached.

In accordance with Articles L.211-3 et seq. and R.211-1 of the French Code monétaire et financier, securities (such as Notes constituting obligations under French law) in materialised form and governed by French law must be issued outside the French territory.

The Notes may be "**Fixed Rate Notes**", "**Floating Rate Notes**", "**Fixed to Floating Rates Notes**", "**Zero Coupon Notes**", or a combination of any of the foregoing, depending on the Interest Basis and the redemption method specified in this Base Prospectus, as completed by the relevant Final Terms.

(b) Denomination

Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the "**Specified Denomination(s)**"), save that the minimum denomination of each Note admitted to trading on a Regulated Market in circumstances which require the publication of a prospectus under the Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC, as amended, will be €100,000 (or its equivalent in any other currency), or such higher amount as may be allowed or required from time to time by the relevant monetary authority or any laws or regulations applicable to the relevant Specified Currency.

Dematerialised Notes shall be issued in one Specified Denomination only.

(c) Title

- (i) Title to Dematerialised Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts maintained by the Issuer or by the Registration Agent.
- (ii) Title to Definitive Materialised Notes, and where appropriate, Receipt(s), Coupons and/or a Talon attached, shall pass by delivery.
- (iii) Subject to a judicial or administrative decision ordered by a court of competent jurisdiction or as required by applicable legal or regulatory provisions, the holder of any Note (as defined below), Coupon, Receipt or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating such Noteholder.
- (iv) In these Conditions,

"**Noteholder**" or, as the case may be, "**holder of any Note**" means (a) in the case of Dematerialised Notes, the individual or entity whose name appears in the account of the relevant Account Holder, the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes, (b) in the case of Definitive Materialised Notes, the holder of any Definitive Materialised Note and the Coupons, Receipts or Talons relating to it and (c) in the case of Materialised Notes for which a Temporary Global Certificate is issued and is still in circulation, each person (other than clearing institution) which appears as the holder of such Notes or of a nominal amount of such Notes in accordance with applicable laws and regulations and the rules and procedures of the clearing institution, including, without limitation, Euroclear France, Euroclear or Clearstream.

2. Conversions and exchanges of Notes

(a) Dematerialised Notes

- (i) Dematerialised Notes issued in bearer form (*au porteur*) may not be converted for Dematerialised Notes in registered form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).

- (ii) Dematerialised Notes issued in registered form (*au nominatif*) may not be converted for Dematerialised Notes in bearer form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the holder of such Notes, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such holder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such holder.

(b) Materialised Notes

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

3. Guarantee and implementation of the Guarantee by the Guarantor on its initiative

(a) Guarantee

The full and punctual payment of any amount due in principal, interest and accessories in respect of any Tranche of Notes will be guaranteed by an autonomous, unconditional and irrevocable first demand guarantee of the *établissement public à caractère industriel et commercial* Bpifrance (the "**Guarantor**") to be granted, on or before the Issue Date, upon the issue of each Tranche of Notes to the beneficiaries named therein (the "**Guarantee**") and will be conformed, or substantially conformed, to the form set out in the "Form of Guarantee and form of Guarantee amendment" section. The Guarantee granted in respect of any Tranche of Notes will be (i) available for inspection and copy, without charges, during normal business days and hours, at the registered office of the Issuer and (ii) when granted in respect of Notes admitted to trading on Euronext Paris or any other Regulated Market, published on the website of the Issuer (www.bpifrance.fr).

(b) Implementation of the Guarantee by the Guarantor on its own initiative in the event of a rapid deterioration in the Issuer's financial or liquidity situation which could be expected to trigger a resolution measure

When, independently of any other determination, the Guarantor notes a rapid deterioration in the Issuer's financial or liquidity situation which could reasonably be expected to trigger the early intervention measures provided for in Article L.511-41-5 of the French *Code monétaire et financier* or the opening of a resolution procedure provided for in Article L.613-49-1 of the French *Code monétaire et financier*, notwithstanding the absence of any amount payable in respect of the Notes at the date of such notification, the Guarantor may choose to implement the Guarantee by giving one (1) Business Day's prior notice to the Fiscal Agent (with a copy to the Representative acting on behalf of the Masse or to the Noteholder, as the case may be), in which case the Guarantor shall pay to the Fiscal Agent on behalf of the Masse or to the Noteholder, as the case may be, an amount at least equal to the sum of the principal amount outstanding of the Notes then outstanding and all accrued and unpaid interest on such Notes up to the effective date for redemption of the corresponding sums by the Guarantor.

Only in the event of implementation of the Guarantee by the Guarantor in accordance with the preceding paragraph, holders of Dematerialised Notes inscribed in the books of Euroclear France irrevocably subrogate the Guarantor in their rights, actions and privileges against the Issuer under the Notes with effect from the date of payment by the Guarantor under the terms of the Guarantee, without any further formalities. Subrogation will automatically transfer ownership of the Notes from such Noteholders to the Guarantor. For all intents and purposes, holders of Notes inscribed in the books of Euroclear France irrevocably grant all powers to the Guarantor in order to give full effect to the subrogation, including giving all instructions to the Account Holders for the registration of the transfer in the Account Holder's accounts.

By subscribing or acquiring any Dematerialised Notes inscribed in the books of Euroclear France, each holder of such Notes shall be automatically deemed to have accepted the terms of the Guarantee and in particular to consent to (i) the subrogation provided for in this Condition, (ii) the resulting transfer of such Notes from the Noteholders to the Guarantor and (iii) the mandate given to the Guarantor to give full effect to the subrogation, including the power to give all instructions to any Account Holder for the registration of the transfer of such Notes in the accounts of the Account Holders.

4. Status of Notes and Guarantee

(a) Status of Notes

The obligations of the Issuer under the Notes and, where applicable, any Receipts and Coupons constitute

direct, general, unconditional, unsubordinated (subject to the provisions of Conditions 3 and 5(a)) and unsecured obligations of the Issuer and rank *pari passu* and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsubordinated and unsecured obligations of the Issuer.

(b) Status of Guarantee

The obligations of the Guarantor under the Guarantee constitute direct, unconditional, unsubordinated and unsecured obligations of the Guarantor (subject to the provisions of Condition 5(b)) and rank *pari passu* and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsubordinated and unsecured obligations of the Guarantor.

5. Negative pledge for Notes and Guarantee

(b) Undertaking of the Guarantor

So long as any of the obligations of the Guarantor under the Guarantee will be effective, the Guarantor will not create and permit to subsist any charge, mortgage, pledge, lien or other security interest (*sûreté réelle*) upon the whole or any part of its assets or income, present or future, to secure a present or future Indebtedness incurred or guaranteed by the Guarantor unless the Guarantor's obligations under the Guarantee are equally and rateably secured therewith.

(c) Interest on Floating Rate Notes

(i) *Interest Payment Dates:* Each Floating Rate Note bears interest, in accordance with Condition 6(h), on its outstanding nominal amount from the Interest Commencement Date (included) at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable annually, semi-annually, quarterly or monthly (except as otherwise specified in the relevant Final Terms) in arrear on each Interest Payment Date. - (iii) *Rate of Interest for Floating Rate Notes*: The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in accordance with the provisions below relating to either FBF Determination, ISDA Determination or Screen Rate Determination, depending upon which is specified in the relevant Final Terms.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "**FBF Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Agent under a notional interest rate swap transaction (*Echange*) in the Specified Currency incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the Floating Rate Determination Date is as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Agent**" and "**Floating Rate Determination Date**" are translations of the French terms "*Taux Variable*", "*Agent*" and "*Date de Détermination du Taux Variable*", respectively, which have the meanings given to those terms in the FBF Definitions.

In the relevant Final Terms, when the paragraph "Floating Rate" specifies that the rate is determined by linear interpolation, in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two (2) rates based on the relevant Floating Rate, one of which shall be determined as if the maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Accrual Period.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (B), "**ISDA Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating (i) if "2006 ISDA Definitions" is specified in the relevant Final Terms, the 2006 ISDA Definitions or (ii) if "2021 ISDA Definitions" is specified in the relevant Final Terms, the 2021 ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and

- (c) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

In the relevant Final Terms, when the paragraph "Floating Rate Option" specifies that the rate is determined by linear interpolation, in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two (2) rates based on the relevant Floating Rate, one of which shall be determined as if the maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Accrual Period.

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period, subject as provided below or (if applicable) to Condition 6(c)(iii)(D) below, shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (a) if the Primary Source for Floating Rate is a Screen Page, subject as provided below, the Rate of Interest shall be:
- (i) the Relevant Rate (where such Relevant Rate on such Screen Page is a composite quotation or is customarily supplied by one entity) or
 - (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Screen Page,
- in each case appearing on such Screen Page at the Relevant Time on the Interest Determination Date as set out in the relevant Final Terms, plus or minus (as indicated in the relevant Final Terms) the Margin (if any);
- (b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(i) applies and no Relevant Rate appears on the Screen Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(ii) applies and fewer than two Relevant Rates appear on the Screen Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent, plus or minus (as indicated in the relevant Final Terms) the Margin (if any); and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two (2) Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount in the Specified Currency that at least two (2) out of five (5) leading banks selected by the Calculation Agent in the principal financial centre of the country of such Specified Currency or, if the Specified Currency is Euro, of any country in the Euro-zone as selected by the Calculation Agent (the "**Principal Financial Centre**") are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two (2) of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two (2) of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest

determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period as indicated, as the case may be, in the relevant Final Terms).

- (c) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Relevant Rate is specified as being SONIA (the "**SONIA Interest Rate Determination**"), the Rate of Interest for each Interest Accrual Period (to which the Margin (if any) shall be added or subtracted (as indicated in the relevant Final Terms)) shall be determined as follows by the Calculation Agent on the relevant Interest Determination Date (as specified below), the result being rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.000005 being rounded upwards:
- (1) if the SONIA Interest Rate Determination method specified in the relevant Final Terms is SONIA Lookback Compound, the Rate of Interest for each Interest Accrual Period will be equal to SONIA-LOOKBACK-COMPOUND ;

"**n_i**" is, for any TARGET Business Day "i", the number of calendar days from, and including, the relevant TARGET Business Day "i" up to, but excluding, the immediately following TARGET Business Day in the relevant Interest Accrual Period;

"**p**" is, in relation to any Interest Accrual Period, the number of TARGET Business Days as specified in the Final Terms under €STR Observation Look-Back Period;

"**€STR Observation Period**" means in respect of any Interest Accrual Period, the period from and including the date falling "p" TARGET Business Day(s) prior to the first day of the relevant Interest Accrual Period (the first €STR Observation Period shall begin on the date falling "p" TARGET Business Day(s) before the Interest Commencement Date (included)) and ending on, but excluding, the date falling "p" TARGET Business Day prior to the Interest Payment Date of such Interest Accrual Period (or the date falling "p" TARGET Business Day(s) prior to such earlier date, if any, on which the Notes become due and payable);

"**€STR Observation Look-Back Period**" means the observation period as specified in the relevant Final Terms; and

"**Website of the European Central Bank**" means the website of the European Central Bank currently at <https://www.ecb.europa.eu/home/html/index.en.html> or any successor source officially designated by the European Central Bank.

If the €STR is not published, as specified above, on any particular TARGET Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such TARGET Business Day shall be the rate equal to €STR in respect of the last TARGET Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular TARGET Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date (as defined below) have occurred, the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate (as defined below).

If no ECB Recommended Rate has been recommended before the end of the first TARGET Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each TARGET Business Day in the relevant €STR

Observation Period occurring on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDRF (as defined below).

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event (as defined below) and an ECB Recommended Rate Index Cessation Effective Date (as defined below) subsequently occur, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDRF.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 15.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date relating to such Rate of Interest calculation (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each TARGET Business Day in the €STR Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published €STR or, if ECB Recommended Rate is published on a later date than the latest published €STR, the ECB Recommended Rate or, if EDRF is published on a later date than the latest published ECB Recommended Rate, the Modified EDRF (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

Any determination, decision or election made by the Calculation Agent pursuant to the provisions of this paragraph, including, without limitation, the determination of any rate or adjustment, the occurrence or non-occurrence of any event or circumstance, a date and any decision to take or refrain from taking any action or making any election shall be (i) final and binding in the absence of manifest error, (ii) made in the sole discretion of the Calculation Agent and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, effective without the consent of the Noteholders or any other party.

For the purposes of this subparagraph (e):

"ECB Recommended Rate" means a rate (inclusive of any spreads or adjustments) recommended as the replacement for €STR by the European Central Bank (or any successor administrator of €STR) and/or by a committee officially endorsed or convened by the European Central Bank (or any successor administrator of €STR) for the purpose of recommending a replacement for €STR (which rate may be produced by the European Central Bank or another administrator), as determined by the Calculation Agent and notified by the Calculation Agent to the Issuer;

"ECB Recommended Rate Index Cessation Event" means the occurrence of one or more of the following events, as determined by the Calculation Agent and notified by the Calculation Agent to the Issuer:

- (1) a public statement or publication of information by or on behalf of the administrator of the ECB Recommended Rate announcing that it has ceased or will cease to provide the ECB Recommended Rate permanently or indefinitely, provided that, at the time of the statement or the publication, there is no successor administrator that will continue to provide the ECB Recommended Rate; or

- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the ECB Recommended Rate, the central bank for the currency of the ECB Recommended Rate, an insolvency official with jurisdiction over the administrator of the ECB Recommended Rate, a resolution authority with jurisdiction over the administrator of the ECB Recommended Rate or a court or an entity with similar insolvency or resolution authority over the administrator of the ECB Recommended Rate, which states that the administrator of the ECB Recommended Rate has ceased or will cease to provide the ECB Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the ECB Recommended Rate;

"ECB Recommended Rate Index Cessation Effective Date" means, in respect of an ECB Recommended Rate Index Cessation Event, the first date on which the ECB Recommended Rate is no longer provided, as determined by the Calculation Agent and notified by the Calculation Agent to the Issuer;

"EDFR" means the Eurosystem Deposit Facility Rate, the rate on the deposit facility, which banks may use to make overnight deposits with the Eurosystem (comprising the European Central Bank and the national central banks of those countries that have adopted the Euro) as published on the Website of the European Central Bank;

"EDFR Spread" means:

- (1) if no ECB Recommended Rate is recommended before the end of the first TARGET Business Day following the date on which the €STR Index Cessation Event occurs, the arithmetic mean of the daily difference between the €STR and the EDFR for each of the thirty (30) TARGET Business Days immediately preceding the date on which the €STR Index Cessation Event occurred; or
- (2) if an ECB Recommended Rate Index Cessation Event occurs, the arithmetic mean of the daily difference between the ECB Recommended Rate and the EDFR for each of the thirty (30) TARGET Business Days immediately preceding the date on which the ECB Recommended Rate Index Cessation Event occurred;

"€STR Index Cessation Event" means the occurrence of one or more of the following events, as determined by the Calculation Agent and notified by the Calculation Agent to the Issuer:

- (1) a public statement or publication of information by or on behalf of the European Central Bank (or any successor administrator of €STR) announcing that it has ceased or will cease to provide €STR permanently or indefinitely, provided that, at the time of the statement or the publication, there is no successor administrator that will continue to provide €STR; or
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of €STR, the central bank for the currency of €STR, an insolvency official with jurisdiction over the administrator of €STR, a resolution authority with jurisdiction over the administrator of €STR or a court or an entity with similar insolvency or resolution authority over the administrator of €STR, which states that the administrator of €STR has ceased or will cease to provide €STR permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide €STR;

"€STR Index Cessation Effective Date" means, in respect of an €STR Index Cessation Event, the first date on which €STR is no longer provided by the European Central Bank (or any successor administrator of €STR), as determined by the Calculation Agent and notified by the Calculation Agent to the Issuer; and

"Modified EDFR" means a reference rate equal to the EDFR plus the EDFR Spread;

- (f) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Relevant Rate

specified in the relevant Final Terms is specified as being the CMS Rate, the Rate of Interest for each Interest Accrual Period will, subject as provided below or (if applicable) to Condition 6(c)(iii)(D) below, be determined by the Calculation Agent based on the annual rate applicable to a swap for a swap in the Specified Currency which maturity is the Specified Period, expressed on percentage, as it appears on the Screen Page at the Specified Time on the relevant Coupon Determination Date (the "**CMS Rate**") and increased or decreased, as the case may be (as specified in the relevant Final Terms) with the Margin.

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate (as defined below) at approximately the Specified Time on the Coupon Determination Date. If at least three (3) of the Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If on any Interest Determination Date less than three (3) or none of CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

For the purposes of this sub-paragraph (f):

"Relevant Swap Rate" means:

- (i) where the Reference Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Specified Duration commencing on the first day of the relevant Interest Period and in a Representative Amount (as defined below) with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a Specified Duration determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions; and
- (ii) where the Reference Currency is any other currency or, if the Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the relevant Final Terms.

"Representative Amount" means an amount that is representative for a single transaction in the relevant market at the relevant time.

- (g) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Relevant Rate specified in the relevant Final Terms is specified as being the TEC 10 Rate, the Rate of Interest for each Interest Accrual Period will, subject as provided below or (if applicable) to Condition 6(c)(iii)(D) below, be determined by the Calculation Agent based on the quotation offered (expressed on percentage per year) for the EUR-TEC10-CNO, calculated by the *Comité de Normalisation Obligataire* ("CNO"), which appears on the Screen Page which is the line "TEC10", on the Reuters Screen BDFCNOTE10 Page, or any succeeding page, as at 10.00 a.m. (Paris time) on the Interest Determination Date in question ("TEC10") and increased or decreased, as the case may be (as specified in the relevant Final Terms) with the Margin.

If, on any Interest Determination Date, the TEC10 does not appear on Reuters Screen BDFCNOTE10 Page or any succeeding page, (i) it shall be determined by the Calculation Agent on the basis of the mid-market prices for each of the two Reference OATs (*Obligation Assimilable du Trésor*), which would have been used by the CNO for the concerned rate, estimated, in each case, by five (5) *Spécialistes en Valeurs du Trésor* at approximately 10:00 a.m. (Paris time) on the Interest Determination Date in

question; (ii) the Calculation Agent will request each *Spécialiste en Valeurs du Trésor* to provide a quotation of its price; and (iii) the TEC10 will be the redemption yield of the arithmetic mean of such quotations as determined by the Calculation Agent after discarding the highest and lowest such quotations. The above-mentioned redemption yield shall be determined by the Calculation Agent in accordance with the formula that would have been used by the CNO for the determination of the concerned rate.

For information purposes only, the EUR-TEC10-CNO, established in April 1996, is the percentage yield (rounded to the nearest second decimal point, 0.005 per cent. being rounded upwards) of a notional 10 year French Treasury Bond (Obligation Assimilable du Trésor, "OAT") corresponding to the linear interpolation between the yield to maturity of the two actual OATs (the "Reference OATs") whose periods to maturity are closest in duration to the notional 10 year OAT, one Reference OAT's duration being of less than 10 years and the other Reference OAT's duration being greater than 10 years.

In the relevant Final Terms, if the paragraph "Benchmark" specifies that the rate is determined by linear interpolation, in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two (2) rates based on the relevant Benchmark, one of which shall be determined as if the maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Accrual Period.

(D) Events affecting the determination of the Benchmark

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if an Administrator/Benchmark Event in respect of the Original Reference Rate (other than SONIA and €STR) occurs, then the following provisions shall apply and over the other fallback provisions set forth in Condition 6(c)(iii)(C). For the avoidance of doubt, the following provisions shall not apply and shall not prevail over the fallback provisions relating to SONIA and €STR provided in Condition 6(c)(iii)(C)(d) and Condition 6(c)(iii)(C)(e).

If at any time prior to or on any Interest Determination Date, the Issuer in consultation with the Calculation Agent determines, acting in good faith and in a commercially reasonable manner, that the Relevant Rate has been discontinued or that an Administrator/Benchmark Event has occurred:

- (a) the Issuer will as soon as reasonably practicable appoint an agent (the "**Relevant Rate Determination Agent**") that shall determine, acting in good faith and in a commercially reasonable manner, whether, for the purposes of determining the Relevant Rate on each following Interest Determination Date, a Successor Rate or failing which, an Alternative Rate is available. If the Relevant Rate Determination Agent determines that there is an industry-accepted Successor Rate or Alternative Rate, the Relevant Rate Determination Agent will use such Replacement Relevant Rate. The Relevant Rate Determination Agent may be (i) a leading bank or a broker-dealer in the Relevant Financial Centre or Principal Financial Centre, as the case may be, of the Specified Currency, (ii) an independent financial adviser and/or (iii) the Calculation Agent;
- (b) if the Relevant Rate Determination Agent has determined a Replacement Relevant Rate in accordance with the foregoing, the Relevant Rate Determination Agent will also determine concomitant changes (if any) to the Business Day Convention, the definition of Business Day, the Interest Determination Date, the Day Count Fraction, the Adjustment Spread, and any method for obtaining the Replacement Relevant Rate, and such other changes or adjustments necessary to make such Replacement Relevant Rate as comparable as possible to the Relevant Rate, in each case in a manner that is consistent with industry-accepted practices for such Replacement Relevant Rate and such guidance promulgated by associations involved in the establishment of market standards and/or protocols in the international financial and/or debt capital markets as the Relevant Rate Determination Agent may consider relevant for such Replacement Relevant Rate;

- (c) references to the "Relevant Rate" in these Conditions will henceforth be deemed to be references to the Replacement Relevant Rate, including any concomitant changes and adjustments determined in accordance with paragraph (b) above. The determination of the Replacement Relevant Rate and such concomitant changes and adjustments by the Relevant Rate Determination Agent will (in the absence of manifest error) be final and binding on the Issuer, the Calculation Agent, the Fiscal Agent, the Noteholders and any other person and each Noteholder shall be deemed to have accepted the Replacement Relevant Rate and such related changes and adjustments pursuant to this paragraph (D); and
- (d) as soon as reasonably practicable, the Relevant Rate Determination Agent will notify the Issuer of the foregoing and the Issuer will give notice to the Noteholders (in accordance with Condition 15) and the Fiscal Agent specifying the Replacement Relevant Rate, as well as the concomitant changes and adjustments determined in accordance with paragraph (b) above.

If the Relevant Rate Determination Agent has determined that the Relevant Rate has been discontinued and/or an Administrator/Benchmark Event has occurred, and for any reason a Replacement Relevant Rate has not been or cannot be determined on or prior to the next following Interest Determination Date, then no Replacement Relevant Rate will be adopted, and in such case, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum Rate of Interest or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

Where:

"Adjustment Spread" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Relevant Rate Determination Agent determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders, Receiptholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended or formally provided as an option for parties to adopt in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (ii) if no recommendation required under the subparagraph (i) above has been made or in the case of an Alternative Rate, the Relevant Rate Determination Agent determines and which is recognised or acknowledged as being a customary market usage in the international debt capital market for transactions or, if not, the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate, as the case may be; or
- (iii) if no such recommendation or option has been made (or made available), or the Relevant Rate Determination Agent determines there is no such spread, formula or methodology in customary market usage, the Relevant Rate Determination Agent, acting in good faith, determines to be appropriate.

"Administrator/Benchmark Event" means, in relation to any Floating Rate Notes and a Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event.

"Alternative Rate" means an alternative benchmark or screen rate which the Relevant Rate Determination Agent determines in accordance with this Condition 6 (c)(iii)(D) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Floating Rate Notes.

"Benchmark Modification or Cessation Event" means, in respect of any Floating Rate Notes and a Benchmark:

- (a) any material changes in such Benchmark;
- (b) the permanent or indefinite cancellation or cessation in the provision of such Benchmark;
- (c) a relevant regulator or other official sector entity prohibits the use of such Benchmark.

"Benchmark Regulation" means the regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment fund, as amended.

"Non-Approval Event" means, in respect of the Benchmark:

- (a) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be obtained; or
- (b) the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be included in an official register; or
- (c) the Benchmark or the administrator or sponsor of the Benchmark does not or will not fulfil any legal or regulatory requirement applicable to the Floating Rate Notes, the Issuer, the Calculation Agent or the Benchmark,

in each case, as required under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Floating Rate Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if, notwithstanding that the Benchmark or the administrator or sponsor of the Benchmark is not or will not be included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended, at the time of such suspension the continued provision and use of the Benchmark is nevertheless permitted in respect of the Floating Rate Notes under applicable law or regulation during the period of such suspension.

"Original Reference Rate" means the benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Floating Rate Notes.

"Rejection Event" means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses or will reject or refuse any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Floating Rate Notes, the Benchmark or the administrator or sponsor of the Benchmark under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Floating Rate Notes.

"Relevant Nominating Body" means, in respect of a benchmark or screen rate (as applicable):

- (a) the central bank, reserve bank, monetary authority or any other similar institution (as applicable) for the currency to which the benchmark or screen rate (as applicable) relates; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank, reserve bank, monetary authority or any other similar institution (as applicable) for the currency to which the benchmark or screen rate (as applicable) relates, (ii) a group of the aforementioned institutions or (iv) the Financial Stability Board or any part thereof.

"Replacement Relevant Rate" means the Successor Rate or the Alternative Rate as determined by the Relevant Rate Determination Agent for the purpose of determining the Relevant Rate, as the case may be.

"Successor Rate" means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body. If the Relevant Nominating Body designates more than one successor or replacement rate to the Original Reference Rate, the Reference Rate Determination Agent shall determine which of those successor or replacement rates is most appropriate, having regard to, inter alia, the particular features of

the relevant Notes and the nature of the Issuer.

"Suspension/Withdrawal Event" means, in respect of the Benchmark:

- (a) the relevant competent authority or other relevant official body suspends or withdraws or will suspend or withdraw any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator or sponsor of the Benchmark which is required under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Floating Rate Notes; or
- (b) the Benchmark or the administrator or sponsor of the Benchmark is or will be removed from any official register where inclusion in such register is or will be required under any applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Floating Rate Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is or will be suspended or where inclusion in any official register is or will be withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Floating Rate Notes under applicable law or regulation during the period of such suspension or withdrawal.

(d) Interests of Fixed to Floating Rate Notes

Where a Change of Interest Basis is specified to be applicable in the relevant Final Terms, each Fixed to Floating Rate Note will bear interest on their outstanding nominal amount at a rate:

- (a) that the Issuer may decide to convert at the switch date specified in the relevant Final Terms (the **"Switch Date"**) from a Fixed Rate (as calculated in accordance with Condition 6(b) and specified in the relevant Final Terms) to a Floating Rate (as calculated in accordance with Condition 6(c) and specified in the relevant Final Terms) or from a Floating Rate to a Fixed Rate (the **"Change of Interest Basis"**) subject to the Issuer giving notice to the Noteholders within the period specified in the relevant Final Terms in accordance with Condition 15; or
- (b) which shall be automatically converted from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate at the Switch Date specified in the relevant Final Terms (the **"Automatic Change of Interest Basis"**).

(e) Zero Coupon Notes

Where a Note the Interest Basis of which is specified to be Zero Coupon and, if so specified in the relevant Final Terms, is repayable prior to the Maturity Date pursuant to an Issuer's optional redemption in accordance with the provisions of Condition 7(c), pursuant to Condition 7(e) or otherwise specified in these Terms and Conditions and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7(e)(i)).

(f) Accrual of interest

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 6 to the Relevant Date.

(g) Margin, Rate Multiplier, Minimum or Maximum Rates of Interest, Minimum or Maximum Instalment Amounts and Minimum or Maximum Redemption Amounts and Rounding

- (a) If any Margin or Rate Multiplier is specified in the relevant Final Terms, either (x) generally or (y) in relation to one or more Interest Accrual Periods, an adjustment shall be made to all Rates of Interest in the case of (x), or to the Rates of Interest for the specified Interest Accrual Periods in the case of (y), calculated in accordance with Condition 6(c) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
- (b) If any Minimum Rate of Interest or Maximum Rate of Interest, Minimum Instalment Amount or Maximum Instalment Amount or Minimum Redemption Amount or Maximum Redemption

Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.

- (c) Unless a higher Minimum Rate of Interest is specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

For the purposes of any calculations required pursuant to these Conditions, (w) if FBF Determination is specified in the relevant Final Terms, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest ten-thousandth of a percentage point (with halves being rounded up), (x) otherwise all percentages resulting from such calculations shall be rounded, if necessary, to the nearest fifth decimal (with halves being rounded up), (y) all figures shall be rounded to seven (7) figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For the purpose of this Condition "**unit**" means the lowest amount of such currency that is available as legal tender in the country of such currency.

(h) Calculations

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(i) Determination and publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts

The Calculation Agent, as soon as practicable on such date after the Relevant Time as it may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, shall calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the holders of Notes, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 6(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(j) Calculation Agent and Reference Banks

The Issuer shall procure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined above). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption

Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the stock exchanges rules so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

7. Redemption, purchase and options

(a) Final redemption

Unless previously redeemed or purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) specified in the relevant Final Terms or, in the case of a Note falling within Condition 7(b) below, its final Instalment Amount.

(b) Redemption by Instalments

Unless previously redeemed or purchased and cancelled as provided in this Condition 7 or the relevant Instalment Date (being one of the dates so specified in the relevant Final Terms) is extended pursuant to any Issuer's or Noteholder's option in accordance with Condition 7(c) or (7)(d), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(c) Redemption at the option of the Issuer

(i) Call Option or exercise of Issuer's options

If a Call option is specified in the relevant Final Terms, the Issuer may, subject to compliance of all the relevant laws, regulations and directives applicable to the Issuer and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the holders of Notes (or such other notice period as may be specified in the relevant Final Terms) redeem all or, if so provided, some of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be, as indicated in the relevant Final Terms. Any such redemption of Notes shall be at their Optional Redemption Amount together, as indicated in the relevant Final Terms, with interest accrued to the date fixed for redemption, in the relevant Final Terms, or, for the Zero Coupon Notes, at the Early Redemption Amount. Any redemption or partial exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(ii) Make-Whole Redemption Option

If a Make-Whole Redemption Option is specified in the relevant Final Terms, the Issuer may, subject to compliance with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 (or any other notice period specified in the relevant Final Terms) to the Noteholders, redeem the Notes then outstanding, in whole or in part, at any time or from time to time, prior to the Maturity Date as specified in the relevant Final Terms (the "**Make-Whole Redemption Date**"). Any such redemption of Notes shall be made at the Make-Whole Redemption Amount. On or no later than the Business Day immediately following the date on which the Make-Whole Redemption Amount is calculated, the Calculation Agent shall notify the Issuer, the Fiscal Agent and the Noteholders.

The Make-Whole Redemption Rate will be published by the Issuer in accordance with Condition 15.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

For the purpose of this Condition:

"Make-Whole Redemption Amount" means an amount in respect of each Note calculated by the Calculation Agent and equal to the greater of:

- (i) the Redemption Amount in Principal; and
- (ii) the sum of the present values of the Remaining Scheduled Payments discounted on an annual basis at the Make-Whole Redemption Rate,

plus in each case (i) or (ii) above, any interest accrued on the Notes until the Make-Whole Redemption Date (excluded).

"Make-Whole Redemption Margin" means the rate specified as such in the relevant Final Terms.

"Make-Whole Redemption Rate" means the sum of the Make Whole Reference Rate and the Make Whole Redemption Margin.

"Make Whole Reference Rate" means the arithmetic average of the four (4) quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security on the fourth Business Day preceding the Make-Whole Redemption Date at 11:00 a.m. (Central European Time ("CET")) ("Reference Dealer Quotation") or (ii) the Reference Screen Rate, as specified in the relevant Final Terms.

"Redemption Amount in Principal" means the fraction of the Specified Denomination of each Note that the Issuer wishes to redeem under Condition 7(c)(ii) and which shall be no less than the Minimum Redemption Amount (as specified in the relevant Final Terms) and no more than the Maximum Redemption Amount (as specified in the relevant Final Terms).

"Reference Dealer" means each of the four (4) banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues, or such other banks or method of selection of such banks as specified in the relevant Final Terms.

"Reference Screen Rate" means the screen rate specified as such in the relevant Final Terms.

"Reference Security" means the security specified as such in the relevant Final Terms. If the Reference Security is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11:00 a.m. (CET) on the third Business Day preceding the Make-Whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer and published by the Calculation Agent in accordance with Condition 15.

"Remaining Scheduled Payments" means, with respect to each Note, the remaining scheduled payments of principal and interest with respect to the Redemption Amount in Principal that would be due under such Note (save for any interest accrued on the Notes until the Make-Whole Redemption Date (excluded)) after the Make-Whole Redemption Date until the Maturity Date or, as the case may be, the date falling three (3) months before the Maturity Date if a Residual Maturity Call Option three (3) months prior to the Maturity Date is specified in the applicable Final Terms, in the absence of exercise of the make-whole redemption option by the Issuer.

"Similar Security" means a reference bond or reference bonds issued by the same issuer as the Reference Security having an actual or interpolated maturity comparable with the remaining term of the Notes that would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

(iii) Residual Maturity Call Option three (3) months prior the Maturity Date

If a Residual Maturity Call Option three (3) months prior the Maturity Date is specified in the relevant Final Terms, the Issuer may, subject to compliance with all relevant laws, regulations and directives and giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice to the Noteholders in accordance with Conditions 15, redeem all, but not some only, of the Notes then outstanding no earlier than three (3) months prior the Maturity Date. Any such redemption of Notes shall be made at the nominal amount together with interest accrued to, but

excluding, the date fixed for redemption.

(iv) Clean-up Call Option

If a Clean-up Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance with all relevant laws, regulations and directives and giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice to the Noteholders in accordance with Condition 15, redeem at any time all, but not some only, of the outstanding Notes in the event that at least 80 per cent. of the total aggregate principal amount of the relevant Series (including Notes issued pursuant to Condition 14) have been redeemed or purchased (and consequently cancelled), other than through an Issuer's call option in accordance with Condition 7(c)(i) or a Make-Whole Redemption option in accordance with Condition 7(c)(ii) above. Any such redemption of Notes shall be made at the nominal amount together with interest accrued to, but excluding, the date fixed for redemption, or, for the Zero Coupon Notes at the Early Redemption Amount.

(v) Partial redemption

Any partial redemption pursuant to paragraphs 7(c)(i) and 7(c)(ii) above must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount (as specified in the relevant Final Terms) and no greater than the Maximum Redemption Amount (as specified in the relevant Final Terms).

- (a) In the case of a partial redemption in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchanges requirements.
- (b) In the case of a partial redemption in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either by:
 - (i) reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed; or
 - (ii) redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with the provisions of Article R.213-16 of the French *Code monétaire et financier* as completed by the relevant Final Terms, subject to compliance with any other applicable laws and stock exchanges requirements.

So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market require, the Issuer shall, each time there has been a partial redemption of the Notes, cause to be published in accordance with Condition 15 a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

In case of partial redemption, the Specified Denomination, the Final Redemption Amount, the Early Redemption Amount, the Optional Redemption Amount, the Instalment Amount, the Make-Whole Redemption Amount and the principal of the Notes shall be adjusted accordingly.

(d) Redemption at the option of Noteholders and exercise of Noteholders' options

If a Put option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s), as indicated in the relevant Final Terms, at its Optional Redemption Amount indicated in the relevant Final Terms, together with interest accrued to the effective date for redemption (excluded) or, for the Zero Coupon Notes, at the Early Redemption Amount.

To exercise such option, the Noteholder shall deposit with a Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained during normal business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. In the case of Materialised Notes, the Exercise Notice shall have attached to it the relevant Notes (together with

all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent with a specified office in Paris, as specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

(e) Early redemption

(i) Zero Coupon Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to Condition 7(f) or 7(j) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Zero Coupon Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Amortised Nominal Amount payable in respect of any such Note upon its redemption pursuant to Condition 7(f) or 7(j) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable was the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue, to the effective date for redemption (excluded) in accordance with Condition 6(e).

Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction as provided in the relevant Final Terms.

(ii) Other Notes

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 7(f) or 7(j) or upon it becoming due and payable as provided in Condition 10 shall be the Final Redemption Amount together with interest accrued to the effective date for redemption.

(f) Redemption for taxation reasons

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law by competent French authorities, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 9(b) below, the Issuer may, at its option, on any Interest Payment Date (if the Note is a Floating Rate Note) or at any time (if the Note is not a Floating Rate Note), subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If the Issuer would, on the next payment of principal or interest in respect of the Notes, be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 9(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) calendar days' prior notice to the Noteholders in accordance with Condition 15, redeem all, but not some only, of the Notes then outstanding (as

defined above) at their Early Redemption Amount together with any interest accrued to the date set for redemption (A) from the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) fourteen (14) calendar days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.

(g) Subrogation and powers granted to the Guarantor

In the event of implementation of the Guarantee by the Guarantor in accordance with Condition 3(b), the Guarantor shall be irrevocably subrogated into the rights, actions and privileges of the holders of Dematerialised Notes inscribed in the books of Euroclear France against the Issuer. Such subrogation will automatically transfer ownership of the Dematerialised Notes inscribed in the books of Euroclear France from such Noteholders to the Guarantor.

(h) Purchases

The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise (including by tender offer) at any price, subject to the applicable laws and/or regulations.

The Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations or cancelled in accordance with Condition 7(i) below.

(i) Cancellation

All Notes redeemed or purchased by or on behalf of the Issuer for cancellation, will be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the relevant Temporary Global Certificate or the Definitive Materialised Notes in question, together with all unmatured Receipts and Coupons and all unexchanged Talons, if applicable, to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Definitive Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(j) Illegality

If, by reason of any coming into effect of a new law or regulation in France, a change in French law or any mandatory French provision, or any change in the official judicial or administrative application or interpretation of such law by any competent French authority, becoming effective after the Issue Date, it would become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

8. Payments and Talons

(a) Dematerialised Notes

Payments of principal and interest in respect of Dematerialised Notes shall (i) in the case of Dematerialised Notes in bearer dematerialised form or administered registered form, be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the holders of Notes and, (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank (as defined below) designated by the relevant holder of Notes. All payments validly made to such Account Holders or Bank will be an effective discharge of the Issuer in respect of such payments.

(b) Definitive Materialised Notes

(i) Method of payment

Subject as provided below, any payment in a Specified Currency will be made by credit or transfer to an account denominated in the relevant Specified Currency, or an account to which the Specified Currency may be credited or transferred (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is euro, shall be any country in the Euro-zone, and, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively).

(ii) Presentation and surrender of Definitive Materialised Notes, Receipts and Coupons

Payments of principal in respect of Definitive Materialised Notes will (subject as provided below) be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of partial payment of any sum due, annotation) of such Notes, and payments of interest in respect of Definitive Materialised Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of Definitive Materialised Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Materialised Note to which it appertains. Receipts presented without the Definitive Materialised Note to which they appertain do not constitute valid obligations of the Issuer.

Upon the date upon which any Definitive Materialised Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment will be made in respect thereof.

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten (10) years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 11) or, if later, five (5) years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note in definitive form becomes due and repayable prior to its Maturity Date, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any Definitive Materialised Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against presentation and surrender (if appropriate) of the relevant Definitive Materialised Note.

(c) Payments in the United States

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) Payments subject to fiscal laws

All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives but without prejudice to Condition 9 and (ii) any withholding or deduction (x) required pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended (the "**U.S. Code**") or (y) pursuant to an agreement described in Section 1471(b) of the U.S. Code or (z) otherwise imposed pursuant to Sections 1471 through 1474 of the U.S. Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the holders of Notes or Couponholders in respect of such payments.

(e) Appointment of Agents

The Fiscal Agent, the Paying Agent(s) and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of this Base Prospectus. The Fiscal Agent, the Paying Agent(s) and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent expert(s) and, in each case such, may not be considered as agents in respect of any Noteholder or Couponholder (unless otherwise stated). The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, Registration Agent or Calculation Agent and to appoint other Fiscal Agent, Paying Agent(s), Registration Agent(s) or Calculation Agent(s) or additional Paying Agent(s), Registration Agent(s) or Calculation Agent(s), provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) Paying Agent having specified offices in a major European city (and ensuring the financial services of the Notes in France so long as the Notes are admitted to trading on Euronext Paris and in such other city where the Notes are admitted to trading, so long as the Notes are admitted to trading on any other Regulated Market) (iv) in the case of Dematerialised Notes in fully registered form, a Registration Agent and (v) such other agents as may be required by the rules of any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the holders of Notes in accordance with Condition 15.

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 11).

(g) Business Days for payment

If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder, Receiptholder or Couponholder shall not be entitled to payment until the next following business day, nor to any interest or other sum in respect of such postponed payment (subject to the provisions of Condition 6(c)(ii)). In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) in such jurisdictions as shall be specified as "**Financial Centre(s)**" in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than Euro, where payment is to be made by transfer to an account maintained with a bank in the Specified Currency, on which foreign exchange transactions may be carried on in such Specified Currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in Euro, which is a TARGET Business Day.

(h) Bank

For the purpose of this Condition 8, "**Bank**" means a bank in the principal financial centre of the relevant currency or, in the case of payments in Euro, in a city in which banks have access to the TARGET System.

9. Taxation

(a) Withholding Tax

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction comes to be required by law.

(b) Additional amounts

If French law should require that payments of principal or interest in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be in the following events:

(i) Other connection

to, or to a third party on behalf of, a Noteholder, Receiptholder or Couponholder who is liable to such taxes or duties by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or

(ii) More than thirty (30) calendar days after the Relevant Date

in the case of Definitive Materialised Notes, more than thirty (30) calendar days after the Relevant Date except to the extent that the Noteholder, Receiptholder or Couponholder would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day; or

(iii) Payment by another Paying Agent

in the case of Definitive Materialised Notes presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

References in these Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and any other amounts in the nature of principal payable pursuant to Condition 7 or any amendment or supplement to it, (ii) "**interest**" are deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 6 or any amendment or supplement to it and (iii) "**principal**" and/or "**interest**" are deemed to include any additional amounts that may be payable under this Condition.

The Issuer shall be permitted to withhold or deduct any amounts required by the rules of U.S. Code Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**FATCA withholding**") as a result of any Noteholder, beneficial owner or an intermediary (that is not an agent of the Issuer) not being entitled to receive payments free of FATCA withholding. The Issuer shall not be liable for, or otherwise obliged to pay, any FATCA withholding deducted or withheld by the Issuer, any paying agent or any other party.

10. Events of Default

The Representative (as defined in Condition 12), acting on behalf of the Masse (as defined in Condition 12), by itself or upon request of any Noteholder may, upon written notice to the Issuer (with copy to the Fiscal Agent) given before all defaults shall have been cured, cause all the Notes (but not some only) to become immediately due and payable at their Early Redemption Amount, together with any accrued interest thereon, until the actual redemption date, if any of the following events (each, an "**Event of Default**") shall occur:

- (i) default in the payment of principal of, or interest on, any amount due by the Issuer in respect of any Note, Receipt or Coupon for more than fifteen (15) calendar days after the date on which such payment is due and payable, unless within such period, the Guarantor makes such payment on behalf of the Issuer, in which case such default will not constitute an Event of Default; or
- (ii) default in the due performance of any other obligation of the Issuer in respect of the Notes, or default in the due performance of any other obligation of the Guarantor in respect of the Guarantee, if such default shall not have been remedied within thirty (30) calendar days after receipt by the Issuer of written notice of such default given by the Representative or a Noteholder; or
- (iii) any other present or future indebtedness of the Issuer or of the Guarantor, for borrowed money in excess of €100,000,000 (or its equivalent in any other currency), whether individually or collectively, shall become due and payable prior to its stated maturity as a result of a default thereunder of the Issuer or, as the case may be, the Guarantor, or in case of default of payment by the Issuer or the Guarantor under such indebtedness when it is due and payable, as the case may be, within any applicable grace period therefore, or in case of use of a security relating to such indebtedness, or in case of default of payment of any amount due under a guarantee or a pledge to undertake such a third party's indebtedness given by the Issuer or the Guarantor, unless the Issuer is contesting in good faith that such indebtedness is due and such guarantee is callable, and such dispute has been submitted to competent court, in which case such default of payment or of redemption shall not constitute an Event of Default so long as such dispute shall not have been subject to a decision from a court of first instance; or
- (iv) the Issuer is dissolved, liquidated, merged, split or absorbed or the Issuer sells, transfers or uses directly or indirectly all or substantially all of its assets prior to the repayment in full of any amount due under the Notes, except in the case of a dissolution, liquidation, merger, split or absorption or of such a sale, transfer or use pursuant to which all of the obligations of the Issuer under the Notes are expressly assumed by the succeeding entity, if any; or
- (v) the Guarantor is dissolved, the Guarantor sells, transfers or uses directly or indirectly all or substantially all of its assets or the Guarantor ceases to be an *établissement public* prior to the repayment in full of any amount due under the Notes, except in the case where following a dissolution, such a sale, transfer or use or the loss of its status of *établissement public*, all of the obligations of the Guarantor under the Guarantee is transferred to the French State; or
- (vi) the Issuer enters into an amicable arrangement (*accord amiable*) with its creditors, or a judgement is rendered for the judicial liquidation (*liquidation judiciaire*) of the Issuer, or is subject to any other similar proceedings, or enters into a *concordat* with its creditors; or
- (vii) the Guarantee ceases to be valid or becomes ineffective, for any reason whatsoever, unless the Guarantee is immediately replaced by an equivalent guarantee of the French State.

11. Prescription

Claims against the Issuer for payment related to the Notes, Receipts and Coupons (which for this purpose shall not include Talons), and claims against the Guarantor under the Guarantee, shall be prescribed within ten (10) years (in the case of principal) or five (5) years (in the case of interest) following the date on which such amount fell due.

12. Representation of Noteholders

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically in a masse (the "**Masse**") for the defence of their common interests.

The Masse will be governed by the articles L.228-46 and following from the French *Code de commerce* as amended by this Condition.

(a) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**")

The Masse alone, to the exclusion of all individual holders of Notes, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes without prejudice to the rights which can be exercised by the Holders individually in accordance with, and subject to the provisions of the Conditions.

(b) Representative

The names and addresses of the initial Representative and its alternate, as the case may be, will be set out in the relevant Final Terms.

The Representative will be entitled to such remuneration in connection with its function or duties, if any, as set out in the relevant Final Terms. No additional remuneration will be due for any subsequent Tranche of a particular Series.

In the event of death, liquidation, dissolution, retirement, resignation or revocation of the Representative, such Representative will be replaced by his alternate, as the case may be, or another representative could be elected.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative at the head office of the Issuer and the specified office(s) of any of the Paying Agents.

(c) Powers of Representative

The Representative shall (in the absence of any contrary Collective Decision) have the power to take all acts of management necessary in order to defend the common interests of the holders of Notes and he will have the ability to delegate his powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

(d) Collective Decisions

Collective Decisions are adopted either (i) in a general meeting (the "General Meeting") or (ii) by unanimous consent of the Noteholders following a written consultation (the "**Written Unanimous Decision**").

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any Noteholder.

Decisions adopted by the Collective Decisions must be published in accordance with Condition 15.

(i) General Meetings

In accordance with the provisions of Article R.228-67 of the French *Code de commerce*, notices of the General Meeting will indicate the date, time, place, agenda and the quorum required, will be published in accordance with Condition 15 not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes held by the Noteholders attending such General Meeting or represented thereat.

In accordance with the provisions of Article L.228-61 of the French *Code de commerce*, each Noteholder has the right to participate in General Meetings in person, by proxy, by correspondence, by videoconference, or by any other means of telecommunication allowing the identification of participating Noteholders.

Each Noteholder or representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the

fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

The General Meeting is chaired by the Representative. In the event of the absence of the Representative at the start of a General Meeting and if no Noteholder is present or represented, the Issuer may, notwithstanding the provisions of Article L.228-64 of the French Code de commerce, designate a provisional chairman until a new Representative has been appointed.

(ii) Written Unanimous Decision

In accordance with Article L.228-46-1 of the French Code de commerce, Collective Decisions may also be taken by a Written Unanimous Decision, at the initiative of the Issuer or the Representative.

Such Written Unanimous Decisions shall be signed by or on behalf of all the Noteholders without having to comply with formalities and time limits referred to in Condition 11(d)(i). Any Written Unanimous Decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Subject to the following sentence, a Written Unanimous Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of such Noteholders. Approval of a Written Unanimous Resolution may also be given by way of electronic communication allowing the identification of Noteholders.

(e) Expenses

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the adoption of Collective Decisions and, more generally, all administrative expenses resolved upon by the Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(f) Single Masse

The holders of Notes of the same Series, including the holders of Notes of any other Tranche which have been assimilated with the Notes of such first mentioned Tranches in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche or Series of Notes will be the Representative of the single Masse of all such Series.

(g) Sole Noteholder

If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all powers, rights and obligations entrusted to the Representative and to the Noteholders acting through Collective Decisions by the provisions of the Term and Conditions of the Notes.

The Sole Noteholder shall hold (or cause its authorised agent to hold) a register of the decisions taken by him in this capacity and shall make it available, upon request, to any subsequent Noteholder. Unless appointed in the relevant Final Terms, a Representative will have to be appointed from the moment that the Notes of any Series are held by more than one Noteholder.

(h) Notice to Noteholders

Methodological notes

Merger: The merger by absorption of Bpifrance SA into Bpifrance Financement that took place on 18 December 2020.

Revenue: corresponds to the sum of net banking income and the contribution of equity-consolidated companies, defined for the Investment division as the sum of the share of net income of companies accounted for by the equity method and net gains or losses on other assets, and for the Financing division as the share of net income of companies accounted for by the equity method.

Equity-consolidated companies: investments over which the Group exercises joint control or significant influence are accounted for by the equity method, which consists of substituting the value of the shares held with the Group's share of the equity and earnings of the companies concerned. The income statement then reflects the Group's share of the results of the companies accounted for using the equity method, and when impairment is

noted, it is allocated to the equity investment accounted for by the equity method, which authorises the subsequent reversal of the impairment in case of an improvement in the value in use or market value.

RoE:

- Numerator: net income of a given year (N);
- Denominator: shareholders' equity (including the annual result) at the end of the year less capital not paid up.

Cost/income ratio: **indicator corresponding to** operating expenses divided by net banking income.

Ratio of operating expenses to assets under management: the ratio of management expenses over the total value of all financial assets under management (Bpifrance Participations).

Short-term LCR: the short-term (1 month) liquidity coverage ratio of high-quality liquid assets to total net cash outflow.

CET1 ratio: the ratio of tier 1 common equity to risk-weighted assets

Additionally:

- Due to rounding, the sum of the values shown in the tables and analyses may differ slightly from the total amount reported.
- Differences between the consolidated total of certain financial aggregates at Group level and the sum of these aggregates for the operating divisions are attributable chiefly to intra-group transactions

2. TERMS AND CONDITIONS OF THE GUARANTEE

Bpifrance, an *établissement public industriel et commercial*, registered in the Trade and Companies Register of Créteil under number 483 790 069, whose head office is located at 27-31 avenue du Général Leclerc, 94710 Maisons-Alfort Cedex, France (the "**Guarantor**" or "**EPIC Bpifrance**"), acting under the resolution of its Board of directors (*Conseil d'administration*) dated [●], after having read the Conditions, and the terms and conditions of the Agreements, grants irrevocably and unconditionally an autonomous first demand guarantee (the "**Guarantee**") to the Beneficiaries (as defined below) according to the terms and conditions defined below. Acceptance of the Guarantee by the Beneficiaries will result from the mere subscription or subsequent acquisition of the Notes[, Receipts or Coupons].

For the purposes hereof, "**Beneficiaries**" means any Noteholder[, holder of Receipts or Coupons] and their successive assignees, successors and *ayants droit*, in their capacity as beneficiaries of the Guarantee, and "**Beneficiary**" means individually, the any of them.

2.1 Guarantee

- (a) The Guarantor hereby irrevocably and unconditionally undertakes, at first demand and independently in accordance with Article 2321 of the French *Code civil*, to pay to the Fiscal Agent on behalf of the Masse or to the Noteholder:
 - (i) in one or several times, any amount that the Representative on behalf of the Masse or the Noteholder, as the case may be, claims by written notification in accordance with the provisions of article 2.2(a) below; and
 - (ii) in one time, any amount determined by the Guarantor and specified by written notice in accordance with the provisions of article 2.2(b) below,
up to a maximum aggregate amount of [€/ [●]] [●] (the "**Limit**").
- (b) The Limit will be progressively reduced up to the actual amount of monies paid by the Guarantor to the Fiscal Agent on behalf of the Masse or the Noteholder in accordance with the provisions of article 2.2 below.
- (c) This Guarantee is an independent and autonomous guarantee within the meaning of Article 2321 of the French *Code civil*, and accordingly the Guarantor waives or asserts, to the extent permitted by law, any recourse (*exception*) or objection of any nature whatsoever against Beneficiaries, including any recourse (*exception*) or objection that the Issuer might have against them. In particular, the Guarantor will not be discharged of its obligations if those of the Issuer under the Notes [, Receipts or Coupons] would be affected by invalidity or would not be likely to be enforced for any reason relating to the capacity of the Issuer or to any lack of authority or corporate authorisation or individuals supposed to have acted on its behalf.
- (d) Similarly, the disappearance of any legal or factual link between the Guarantor and the Issuer shall not, in any way, affect the existence, the scope or the call of this Guarantee and payment of the amounts called as a guarantee. In addition, all provisions of this Guarantee shall remain in full force and effect regardless of any changes in financial, legal or other situation of the Issuer or the Guarantor. In particular, the Guarantee shall remain in full force and effect if the Issuer applies for the appointment of a *conciliateur* or *mandataire ad hoc* (or would be the subject of such request) or enters into an amicable arrangement (*accord amiable*) with its creditors, or a judgement is rendered for the judicial liquidation (*liquidation judiciaire*) of the Issuer, or, to the extent permitted by applicable law, is subject to a safeguard procedure (*plan de sauvegarde*) or to any other similar proceedings, or enters into a *concordat* with its creditors or is subject to judicial reorganisation (*redressement judiciaire*) or banking resolution under any applicable directive, law or regulation.
- (e) For the purpose of the written notice as described in article 2.2 below, any amount will be treated as due by the Issuer according to the Conditions, notwithstanding any reorganisation or resolution measure taken against the Issuer.

2.2 Terms and conditions

- (a) The Guarantee call described in article 2.1(a)(i) above is made by written notification to the Guarantor (with a copy to the Fiscal Agent) by registered letter with acknowledgment of receipt, by the Representative acting on behalf of the Masse, by itself or at the request of any Noteholder or, in the absence of Masse, by any Noteholder.

The written notice should indicate the amount claimed and an attestation (i) that this amount claimed is due by the Issuer under any Note, [Receipt or Coupon] in accordance with the Conditions and (ii) that this amount remained unpaid since its due date.

The Guarantee call described in article 2.1(a)(i) above may be made by the Representative on behalf of the Masse or a Noteholder, as the case may be, in one or several times.

Any amount called in accordance with article 2.2(a) will be payable within five (5) Business Days following receipt of the notification mentioned above, by bank transfer to the Fiscal Agent on behalf of the Masse or the Noteholder, as the case may be.

- (b) The implementation of the Guarantee described in article 2.1(a)(ii) above shall be made by written notification by the Guarantor to the Fiscal Agent (with a copy to the Representative acting on behalf of the Masse or the Noteholder, as the case may be) by any means deemed appropriate by the Guarantor, when, independently of any other determination, the Guarantor notes a rapid deterioration in the Issuer's financial or liquidity situation which could reasonably be expected to trigger the early intervention measures provided for in Article L.511-41-5 of the French *Code monétaire et financier* or the opening of a resolution procedure provided for in Article L.613-49-1 of the French *Code monétaire et financier*, notwithstanding the absence of any amount payable in respect of the Notes at the date of such notification. The Fiscal Agent shall promptly notify the Noteholders of the implementation of the Guarantee in accordance with Condition 15.

The notification will specify the amount determined by the Guarantor, which shall be at least equal to the sum of the principal amount outstanding of the Notes then outstanding and all accrued and unpaid interest on such Notes up to the effective date for redemption of the corresponding sums by the Guarantor, irrespective of whether these sums are payable. The notification will also specify the facts constituting a rapid deterioration of the Issuer's financial or liquidity situation and provide, as far as possible, any evidence to this effect.

The implementation of the Guarantee described in article 2.1(a)(ii) above may be carried out by the Guarantor in one time only.

All sums determined in accordance with this article 2.2(b) shall be payable no later than one (1) Business Day following the date of the notification, by bank transfer to the Fiscal Agent on behalf of the Masse or to the Noteholder, as the case may be.

- (c) Any payment under the Guarantee shall be made in euros[, in an amount equivalent in euros to the amount called under the Guarantee, as calculated by the Fiscal Agent using the official Euro/(Specified Currency) interbank conversion rate published by the European Central Bank one (1) Business Day before the Guarantor's payment date under the Guarantee].
- (d) Once implemented in accordance with article 2.2(b) above, the Guarantee may no longer be called upon in accordance with article 2.2(a) above.

2.3 Duration of Guarantee

The Guarantee will enter into force on the Issue Date and will expire one (1) year after [●]. However, the payment by the Guarantor of any amount due under the Guarantee may be made after such date should the receipt by the Guarantor of the notification referred to in article 2.2 above occur before such date.

2.4 Taxation

- (i) All payments due by the Guarantor shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
- (ii) If French law should require that payments due by the Guarantor under the Guarantee be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Guarantor will, to the fullest extent then permitted by law, pay such additional amounts or, if applicable, the Beneficiaries, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable, in the case

a Beneficiary or a third party on its behalf, who is liable to such taxes or duties by reason of his having some connection with France other than the mere holding of the Note [, Receipt or Coupon] and the benefice of the Guarantee.

- (iii) The Guarantor shall be permitted to withhold or deduct any amounts required by the rules of U.S. Code Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service as a result of any Noteholder, beneficial owner or an intermediary (that is not an agent of the Issuer) not being entitled to receive payments free of FATCA Withholding. The Guarantor shall not be liable for, or otherwise obliged to pay, any FATCA withholding deducted or withheld by the Issuer, any paying agent or any other party.

2.5 Recourse against the Issuer

The Guarantor waives all claims it may have against the Issuer which would result in bringing it in competition with the Beneficiaries, so long as such Beneficiaries have not been paid of any amount due under the Notes [, Receipts or Coupons]. The Guarantor undertakes to assign priority to the payment of sums due under the Guarantee, any amounts that he could recover from the Issuer in connection with bankruptcy proceedings or otherwise.

2.6 Indemnification

Any payment under the Guarantee will be discharged only if it is made in euros. [In the event that the Beneficiary would receive an amount, after conversion of the amount due in the Specified Currency converted into euros, as the case may be, lower than the one that he is entitled, the Guarantor will be required to indemnify the Beneficiary of the difference between the amount due and the amount actually received.]

2.7 Rank of Guarantee

- (a) The obligations of the Guarantor under the Guarantee are direct, unconditional, unsubordinated and unsecured (subject to article 2.7 (b) below), ranks equally among themselves and (save for certain exceptions required to be preferred by French law) equally with all other present or future unsubordinated and unsecured indebtedness, obligations and guarantees of the Guarantor.
- (b) So long as the obligations of the Guarantor under the Guarantee remain outstanding, the Guarantor will not create and will not grant any charge (*gage*), mortgage (*hypothèque*), pledge (*nantissement*), privilege or other form of security interest (*sûreté réelle*) on all or part of its present or future assets or income, to guarantee an indebtedness subscribed or guaranteed by the Guarantor unless the obligations of the Guarantor under the guarantee do not benefit from an equivalent security and from the same rank.

For the purposes of the previous paragraph, "**Indebtedness**" means any present or future debt represented by bonds or other debt securities (*titres de créance*) (including negotiable debt securities) that are (or are likely to be) admitted to negotiation on a Regulated Market, provided that the term "Indebtedness" does not include any debt under loan agreements, any advance or other credit lines (*ouvertures de crédit*).

2.8 Successors of the Guarantor

If, following (i) the dissolution of the Guarantor, (ii) the sale, transfer or disposition, directly or indirectly of all or a substantial part of the assets of the Guarantor or (iii) loss of status of public institution (*établissement public*) of the Guarantor, the rights and obligations of the Guarantor are transferred to a new public institution (*établissement public*) or the French State, all the obligations of the Guarantor under the Guarantee shall be deemed transferred to this new public institution (*établissement public*) or the French State and any reference to the Guarantor in this Guarantee shall include any successor under this article.

2.9 Subrogation and powers granted to the Guarantor

Only in the event of implementation of the Guarantee in accordance with articles 2.1(a)(ii) and 2.2(b), the Beneficiaries who are holders of Notes inscribed in the books of Euroclear France irrevocably subrogate the Guarantor in their rights, actions and privileges against the Issuer under the Notes with effect from the date of payment by the Guarantor under the terms of this Guarantee, without any further formalities. Subrogation will automatically transfer ownership of the Notes from such Beneficiaries to the Guarantor. For all intents and purposes, the Beneficiaries who are holders of Notes inscribed in the books of Euroclear France irrevocably grant all powers to the Guarantor in order to give full effect to the subrogation, including

giving all instructions to the Account Holders for the registration of the transfer of such Notes in the Account Holder's accounts.

2.10 Issue of notes to be assimilated (*assimilables*) to the Notes

In the event of an issue of notes to be assimilated (*assimilables*) to the Notes in accordance with Condition 14 of the Terms and Conditions of the Notes, the Guarantee will be amended by the signature by the Guarantor of a Guarantee amendment for the purpose of increasing the amount of the Limit in the context of such an issue of notes and to extend the benefit of the Guarantee to the holders of such notes, and will be conformed (or substantially conformed) to the form set out in Part B in the "Form of Guarantee and form of Guarantee amendment" section of the Base Prospectus (the "**Amendment**"). The Amendment will be (i) available for inspection and copy, without charges, during normal business days and hours, at the registered office of the Issuer and (ii) when the Amendment is granted in respect of Notes admitted to trading on Euronext Paris or any other Regulated Market, published on the website of the Issuer (www.bpifrance.fr).

3. MISCELLANEOUS

- (a) By subscribing or acquiring the Dematerialised Notes inscribed in the books of Euroclear France, the Beneficiaries are automatically deemed to accept the terms of the Guarantee and any successive Amendment, and in particular to consent to (i) subrogation, (ii) transfer of such Notes from the Beneficiaries to the Guarantor resulting therefrom and (iii) the mandate given to the Guarantor to give full effect to the subrogation, including the power to give all instructions to any Account Holder for the registration of the transfer of such Notes in the accounts of the Account Holders, as provided for in article 2.9 above.
- (b) This Guarantee is governed by, and shall be construed in accordance with French law.
- (c) [The guarantee has been prepared in the French language and in the English language but only the French version shall be regarded as binding.]
- [(d)] Any claim against the Guarantor in connection with the Guarantee must be brought before any competent court in Paris. Nevertheless, it is specified that the assets and properties of the Guarantor are not subject to legal process (*voie d'exécution*) under private law or attachment in France.

[EU MIFID II – PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPs ONLY TARGET MARKET] – Solely for the purposes of [the/each] manufacturer's (as defined in directive 2014/65/EU of the European Parliament and of the Council dated 15 May 2014 on markets in financial instruments) product approval process, the target market assessment in respect of the Notes (as defined below) taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority ("**ESMA**") on 5 February 2018 has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MIFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment. [PRIIPS REGULATION - PROHIBITION OF SALES TO EEA RETAIL INVESTORS] – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**").

For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MIFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 of the European Parliament and of the Council dated 20 January 2016 on insurance distribution, as amended [(the "**Insurance Distribution Directive**")], where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MIFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 of the European Parliament and of the Council dated 26 November 2014 on key information documents for packaged retail and insurance-based investment products (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and

⁶ The legend may not be necessary if the managers in relation to the Notes are not subject to UK MIFIR and therefore there are no UK MIFIR manufacturers. [PRIIPS REGULATION - PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the "**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "**FSMA**") and any rules or regulations made under the FSMA to implement [Directive (EU) 2016/97 of the European Parliament and of the Council dated 20 January 2016 on insurance distribution, as amended / Insurance Distribution Directive], where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Subject to the terms and on the conditions contained in an amended and restated dealer agreement in the French language dated 10 June 2022 between the Issuer, the Guarantor, the Arranger and the Permanent Dealers (as amended, the "**Dealer Agreement**"), the Notes will be offered by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission (if any) as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the update of the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Each Dealer has agreed that it will comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor any other Dealer shall have responsibility for the actions of another Dealer.

European Economic Area

If the Final Terms in respect of any Notes specifies "PRIIPs Regulation - Prohibition of sales to EEA retail investors" as "Not Applicable", each Dealer has represented and agreed that it has not made and will not make an offer of Notes to the public in a Member State of the EEA, except that it may make an offer of such Notes to the public in that Member State of the EEA:

- (a) at any time to any legal entity which is a qualified investor as defined under the Prospectus Regulation;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in paragraphs (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, (a) the expression an "**offer of Notes to the public**" in any Member State of the EEA means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, and (b) the expression "**Prospectus Regulation**" means Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended.

Prohibition of sales to EEA retail investors

If the Final Terms in respect of any Notes specifies the "PRIIPs Regulation - Prohibition of sales to EEA Retail Investors" as "Applicable", each Dealer has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes to any retail investor in the European Economic Area.

For the purposes of this provision, the expression "**retail investor**" means a person who is one (or more) of the

following:

- (i) a retail client as defined in point (11) of Article 4(1) of directive 2014/65/EU of the European Parliament and of the Council dated 15 May 2014 on markets in financial instruments, as amended ("**MIFID II**"); or

United States of America

The Notes and any Guarantee under the Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") and may not be offered, sold or, in respect of Materialised Notes, delivered within the United States or to, or for the account or benefit of, United States persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act ("**Regulation S**").

Materialised Notes having a maturity of more than one (1) year are subject to U.S. federal income tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

The Notes are being offered and sold outside the United States to non-United States persons in reliance on Regulation S. In addition, until forty (40) days after the commencement of the offering of any identifiable Tranche of Notes, an offer or sale of Notes within the United States by any Dealer (whether or not participating in the offering of such Tranche of Notes) may violate the registration requirements of the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus by any person to any United States person or to any other person within the United States is unauthorised and any disclosure without prior written consent of the Issuer of any of its contents to any such United States person or other person within the United States, is prohibited.

- (c) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the UK Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression "**an offer of Notes to the public**" in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes and the expression "**UK Prospectus Regulation**" means the Prospectus Regulation (as defined below) as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**").
